
Jim Wrzeski

**Nuclear Engineering and Planning Manager
Puget Sound Naval Shipyard
And Intermediate Maintenance Facility
Naval Sea Systems Command**

Mr. Jim Wrzeski was selected to the Senior Executive Service (SES) position as the Nuclear Engineering and Planning Manager at Puget Sound Naval Shipyard in May 2003. He is responsible for all nuclear propulsion plant maintenance on the west coast, and recently established nuclear propulsion plant maintenance capability at Yokosuka, Japan.

Prior to his appointment, Jim served as the Shipyard's Head Nuclear Engineer, the Nuclear Refueling Engineering Division Head, the Reactor Compartment Disposal Division Head, and the Nuclear Facilities and Equipment Manager. Early in his Shipyard career, Jim attended and graduated from the BETTIS Reactor Engineering School.

Mr. Wrzeski is a graduate of the Massachusetts Institute of Technology (MIT), graduating in 1983 with a degree in mechanical engineering. He accepted a position at Puget Sound Naval Shipyard as a nuclear engineer and relocated to the Pacific Northwest.
