CENTRAL FLYWAY

1948-2015

68 YEARS OF MIGRATORY BIRD CONSERVATION

Important Note to Users:

From 1961-2001, estimates of waterfowl harvest, waterfowl hunter participation, and waterfowl hunter success in the United States were derived from a combination of several sources: 1) sales of migratory bird conservation stamps (Duck Stamps), 2) a Mail Questionnaire Survey of individuals who purchased ducks stamps for hunting purposes, and 3) the Waterfowl Parts Collection Survey (PCS). This survey, which was based on duck stamp sales was discontinued after the 2001 hunting season.

Beginning in 1999, new survey methods were implemented that obtained estimates of waterfowl harvest, hunter participation, and hunter success from: 1) States' lists of migratory bird hunters identified through the Harvest Information Program (HIP), 2) a questionnaire (HIP Survey) sent to a sample of those hunters, and 3) the Waterfowl PCS. The basic difference is that during 1961 - 2001 waterfowl hunter activity and harvest estimates were derived from a Mail Questionnaire Survey (MQS) of duck stamp purchasers, whereas from 1999 to the present those estimates were derived from HIP surveys of people identified as migratory bird hunters by the States. Both survey systems relied on the Waterfowl PCS for species composition data.

During 1989-2002, migratory game bird harvest and population survey information in the Central Flyway was presented in annually updated Data Books. Because of the recently implemented changes in survey design, historical harvest estimates will not be directly comparable to current estimates. Therefore, previous harvest survey information derived from the MQS are considered as final and compiled in the Central Flyway Waterfowl Hunting and Harvest Survey Information, 1961-2001.

For 1999 and subsequent years, waterfowl hunting and harvest estimates that are derived from HIP, along with the usual population survey information, will be compiled in annual updates of the Central Flyway Harvest and Population Survey Data Book. In the future, the annual Data Book will be expanded to also present annual hunter activity and harvest estimates for other migratory game bird species that are now derived from HIP surveys.

2015 TABLE OF CONTENTS

U.S. DUCK STAMP AND CANADIAN PERMIT SALES:

Migratory Game Bird Permit Sales in Canada	2
Federal Sandhill Crane Permits Issued.....	3
Tundra Swan Hunting Permits	4

WATERFOWL HUNTER ACTIVITY AND SUCCESS:

Active Duck Hunters, Total Duck Hunter Days, Average Duck Hunter Days, and Average Seasonal Duck Bag Per Hunter	6
Active Goose Hunters, Total Goose Hunter Days, Average Goose Hunter Days, and Average Seasonal Goose Bag Per Hunter.....	7
Active Mid-continent Sandhill Crane Hunters.....	8
Active Tundra Swan Hunters	9
Average Seasonal Tundra Swan Bag Per Active Swan Hunter	10

DUCK HARVESTS IN THE UNITED STATES:

Mallard, Gadwall, and American Wigeon	12
Northern Pintail, Northern Shoveler, and Wood Duck	13
American Black Duck, Mottled Duck, and Mexican Duck X Mallard.....	14
Blue-winged Teal (Special, Regular, All Seasons)	15
Green-winged Teal (Special, Regular, All Seasons)	16
Black-bellied Whistling Duck and Fulvous Tree Duck.....	17
Redhead, Canvasback and Ring-necked Duck	18
Greater Scaup, Lesser Scaup, and Combined	19
Common Goldeneye, Ruddy Duck, and Hooded Merganser.....	20
Total Ducks	21

AGE RATIOS IN THE U.S. HARVEST:

Mallard All, Female, and Male Age Ratios	23
Northern Pintail, Gadwall, American Wigeon, Wood Duck, Redhead, Greater and Lesser Scaup Age Ratios	24
Blue-winged Teal and Green-winged Teal Age Ratios.....	25

SEX RATIOS IN THE U.S. HARVEST:

Mallard Adult and Immature Sex Ratios.....	27
--	----

DUCK HARVESTS IN CANADA:

Mallard	29
Pintail	30
Total Ducks	31

DUCK HARVESTS IN NORTH AMERICA:

Mallard	33
---------------	----

GOOSE HARVESTS IN THE U.S. AND CANADA:

Snow/Blue Geese, Ross's Geese and All Light Geese	35
Canada Geese-Regular and All Season, and White-fronted Geese	36
Total Geese.....	37
CFAN, Large and Unknown Canada Goose in the Central Flyway	38

GOOSE AGE RATIOS IN THE U.S. HARVEST:

Canada Goose, White-fronted Goose, Snow Goose and Ross's Goose Age Ratios.....	40
---	----

WEBLESS HARVEST AND HUNTER ACTIVITY IN THE UNITED STATES:

Mourning Dove Harvest, Active Hunters, Total Days Afield, and Average
Seasonal Dove Bag Per Hunter..... 42
White-winged Dove Harvest, Active Hunters, Total Days Afield, and Average
Seasonal Dove Bag Per Hunter..... 43
Band-tailed Pigeon Harvest, Active Hunters, Total Days Afield, and Average
Seasonal Pigeon Bag Per Hunter..... 44
American Woodcock Harvest, Active Hunters, Total Days Afield, and Average
Seasonal Woodcock Bag Per Hunter 45

WATERFOWL POPULATION SURVEY INFORMATION:

Central Flyway Mid-winter Goose Survey, 2015..... 47
White-fronted Goose Population Status and Trends 48
Canada Goose Population Status and Trends 49
Light Goose Population Status and Trends 50
Central Flyway Mid-winter Waterfowl Survey - 2015 51
Central Flyway Mid-winter Waterfowl Surveys - 2010-15 52
Central Flyway Mid-winter Waterfowl Surveys - 2000-09 53
Central Flyway Mid-winter Waterfowl Surveys - 1990-99 54
Central Flyway Mid-winter Waterfowl Survey Comparisons - 1948-2015..... 55
Breeding Population Estimates for 10 Duck Species..... 56

TUNDRA SWAN POPULATION SURVEYS AND HARVESTS:

Mid-winter Survey for the Eastern Population 58
Harvest Estimates for the Eastern and Western Populations 59

SANDHILL CRANE POPULATION SURVEYS AND HARVESTS:

Spring Surveys for the Mid-continent Population 61
Harvest Estimates for the Mid-continent Population - U.S. 62
Harvest Estimates for the Mid-continent Population - N.A. 63
Harvests Estimates for RMP Cranes 64
Population Surveys for RMP Cranes 65

CENTRAL FLYWAY FRAMEWORKS:

Frameworks for Light Goose Hunting, 1999-2014 67
Frameworks for U.S. Light Goose Hunting, 1961-2014..... 68
Frameworks for Duck Hunting, 1999-2014 69
Frameworks for Sandhill Crane Hunting, 2005-2014..... 70

ADAPTIVE HARVEST MANAGEMENT:

AHM Decision Matrix, 1995-2000 72
AHM Decision Matrix, 2001-2006 73
AHM Decision Matrix, 2007-2012 74
AHM Decision Matrix, 2013-2014 75

HISTORICAL MEMBERSHIP AND AWARD LISTS:

Central Flyway Council 77
Central Flyway Waterfowl Technical Committee 78
Central Flyway Webless Game Bird Technical Committee 79
Central Management Unit Dove Technical Committee 80
Central Flyway Nongame Bird Technical Committee 81
Central Flyway Meeting Locations 82
Gay Simpson & Joe Gabig Awards..... 83
Central Flyway Consultants 84
Service Regulations Committee 85
USFWS Flyway Representatives 86
USFWS Regional Migratory Bird Coordinators..... 87

¹ Preliminary

² Harvest Information Program (HIP) or a point-of-sale electronic record (without cost) used to identify crane hunters in lieu of a special sandhill crane hunting permit

³ States began charging a fee for crane hunting permits which reduces the number of permits issued to hunters that only occasionally come into contact with sandhill cranes.

⁴ NM uses a combination of electronic and paper permits.

⁵ SD uses a special question in their HIP questionnaire to identify sandhill crane hunters; TX hunters can only obtain crane permits in selected locations.

¹Mid-December Goose Surveys were discontinued after December, 1987.

²Yearly totals from 1983-84 to 1997-98 reflect Mid-December counts (when available) for TGP, EPP, and WP/GP Canada geese, W-CF and M-C light geese, and W-F geese; totals for Hi-Line and SGP populations reflect Mid-winter Survey data. Counts from these time periods were designated as official counts by respective Management Plans.

³Starting in 2014, SGP and TGP populations have been combined into one population: Central Flyway Arctic Nesting (CFAN) Canada Geese. For the MWS they will be split out by West Tier and East Tier segments.

07/14/15

¹ Since 1997, Mid-continent white-fronted geese have been considered one population, officially surveyed during Fall (September) in Saskatchewan and Alberta.
² Surveys in Mexico have been conducted at 3-year intervals since 1981-82. For estimation of 3-year averages after 1980/81-1982/83 we used the most recent Mexico count. Mexico data entries include white-fronts counted in the Interior Highlands (traditional areas) and East Coast Surveys.
 In 2003, no survey conducted on East Coast. Mexico surveys have not been conducted since 2005. Column entries reflect official December surveys (when available) from 1969/70 to 1997/98. Subsequent entries reflect January surveys.
³ In TX, traditional Mid Dec. cruise count not completed, WFG geese based on transect in Jan.
⁴ Survey was not completed in Fall 2013 due to the US Federal Gov't Shutdown. Used previous 3 yr average.
⁵ Three average only contains 2 years since the 2013 survey was not completed.

No data before 2014, see historic SGP and TGP results in CF MWS report 2013.

No data before 2014, see historic SGP and TGP results in CF MWS report 2013.

1 Column entries reflect official December surveys (when available) from 1969/70 to 1997/98. December surveys and the separation of MF geese into populations were discontinued after December 1997. Subsequent entries reflect January surveys.
 2 Column entries reflect January counts (when available) which are the official counts for these populations or population segments.
 3 Starting in 2014, SGP and TGP populations have been combined into one population: Central Flyway Arctic Nesting (CFAN) Canada Geese. For the MWS they will be split out by West Tier and East Tier goose hunting zones. SGP and TGP historic counts can be found in the CF MWS 2013 report.

07/14/15

- From 1969/70 to 1997/98 light geese were surveyed in Mid-December except in Mexico (January). After 1997, Mid-December surveys were discontinued and all subsequent surveys were conducted in January.
- Surveys in Mexico have been conducted at 3-year intervals since 1981-82. For estimation of 3-year averages after 1980/81-1982/83, we used the most recent Mexico count. Estimates of WCF geese in this column include only those geese counted in traditional survey areas within the Interior Highlands. The tri-annual survey in Mexico has not been conducted since 2006 due to safety concerns.
- ³In 2002, traditional Mid Dec. cruise count not completed in TX, Light goose estimate based on transect in Jan.
- ⁴Mississippi changed to a transect survey in Zone 1, only counted mallards and unidentified ducks.
- ⁵In 2007, TX was unable to complete their traditional coastal Dec. survey, light geese were counted in January.

¹ Preliminary

² A proportion of the Alaskan harvest is composed of lesser sandhill cranes from the Pacific Coast Population

³ Harvest data are from state harvest surveys for only the MCP portion of the state, except in 1977-81, 1986, 1991, and 1998-99 where federal MQS state totals are prorated by the long-term percent MC cranes; data from 2000 forward are MC portion from HIP.

⁴ The MC harvest for AZ and NM represents MC sandhill cranes that were harvested in RMP areas and are not represented in the CF MC Sandhill Crane Federal Harvest Survey

⁵ Minnesota initiated a hunt in the NW portion of state.

* No estimate is available.

**Annual sport hunting mortality estimates for the Mid-Continent Population
of sandhill cranes in North America.**

¹ Preliminary

K.L. Kruse

07/14/15

² Unknown harvests (Mexico) were assumed to be 10% of harvests in the U.S. and Canada.

³ Unretrieved kill as reported by hunters is used for the Central Flyway; for the remainder of harvest areas, it is assumed to be 20% of retrieved harvests.

⁴ There is no estimate available for AK in that year.

Estimated retrieved harvests of the Rocky Mountain Population of sandhill cranes.

¹ Incomplete survey efforts in years prior might have resulted in lower estimates; the official count begins 07/14/15

² In October 1997, a special survey was also conducted in the SLV, Colorado and other areas, which resulted in a total of 27,090 Rocky Mountain and Mid-Continent cranes being counted.

³ In 2006, the survey was not conducted due to mechanical issues with the survey plane. The 3-yr Avg for 2006 is calculated using 2003-05.

⁴ The 3-yr average for 2007 was calculated using 2004, 2005, and 2007 because there was no survey in 2006.

⁵ The 3-yr average for 2008 was calculated using 2005, 2007, and 2008 because there was no survey in 2006.

1. Alaska frameworks are separate. Generally 105-107 days with a total goose bag of 6
2. East - NDS/NE/S/OKTX (E), West - MT/WY/CONM/TX (W)
3. The season is closed on Ross geese
4. The season is closed on snow geese in Wyoming
5. The bag/possession limit on Ross geese is 1/1.
6. Alligatore geese limit
7. Excluding ND, SD, and NE, where the ending date is Feb 12
8. Excluding NM MRGV, where the ending date is Feb 14 (1981), Feb 13 (1982), Feb 12 (1983), Feb 28 (1984)
9. The bag/possession limit for light geese is 5/5 for NM and the western goose zone, TX
10. The bag/possession limit for light geese is 5/10 for NM and the western goose zone, TX
11. Excluding NM MRGV, where the ending date is Feb 28
12. Excluding MT and WY, where the ending date is Feb 12
13. Excluding ND, SD and NE north of the Platte R. and the Rainwater Basin Zone where the ending date is Feb 18
14. Excluding NE Rainwater Basin Zone where the ending date is Feb 16
15. Excluding NE Rainwater Basin Zone where the ending date is Feb 01
16. Excluding MT and WY north of 49° where the ending date is Feb 18
17. Aggregate goose bag limit - all may be light geese
18. Closing date for AR is Jan 31
19. Closing date for LA is Feb 15
20. Season closed in Louisiana, Sharkey and Washington Co. MS
21. Opening date for WI is Oct 01
22. Closing date for LA is Feb 14
23. Closing date in KY, AR, TN, MS and AL is Jan 31
24. States and portions of states south of 40° have an ending date of Mar 10
25. States and portions of states south of 40° have an ending date of 3/10 allowed, SC chose 2/10 closing
26. NJ, DE, MD, NC, PA, SC, and VA closing date of 3/10 allowed, SC chose 2/10 closing
27. The Interior States (AZ, CO, ID, MT, NV, NM, UT, WY) start date is Saturday closest to Sep 24 and is 107 days.
28. The Interior States (AZ, CO, ID, MT, NV, NM, UT, WY) start date is Saturday closest to Sep 24 and the daily bag is 10.

SUMMARY OF CENTRAL FLYWAY FRAMEWORKS FOR DUCK HUNTING, 2005-2014

	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014
Beginning Shooting Time	1/2 hr. before sunrise									
Ending Shooting Time	Sunset									
Opening Date	Sep 24	Sep 23	Sep 22	Sep 27	Sep 26	Sep 25	Sep 24	Sep 22	Sep 21	Sep 27
Closing Date	Jan 29	Jan 28	Jan 27	Jan 25	Jan 31	Jan 30	Jan 29	Jan 27	Jan 26	Jan 25
Season Length	74 +23 HP ¹

Gay Simpson Award

This award is offered by the Central Flyway Council in memory of Gay Simpson whose abbreviated life was highlighted by perceptive and aggressive waterfowl research and management. It is presented to South Dakota State University students who have demonstrated outstanding research in the ecology or management of Central Flyway waterfowl or their habitats.

Recipient

1990	Kent Luttschwager
1991	Cathy Henry
1992	Dr. Charles Dieter
1993	Lisa Peskin Sausville
1994	Mark Humpert
1995	Dr. Rex Johnson
1996	Dr. Jeff Gleason
1997	Dr. Dave Naugle
1998	Dr. Diane Granfors
1999	Tate Fischer
2000	Dr. Joshua Stafford
2001	Shawn May
2002	Kent Werlin
2003	Bryan Rieger
2004	Rachel Mockler
2005	Kimberly Strand
2006	Sharon N. Kahara
2007	Jennifer L. Gutscher
2008	Tandi L. Perkins
2009	Nick Docken
2010	Heather N. McWilliams
2011	-----
2012	Cody Warner
2013	Anna Sidie-Slettedahl
2014	Adam Janke
2015	Ryann Cressey

P. Joseph Gabig Award

This award is offered by the Central Flyway Council in memory of Joe Gabig who was tireless in his pursuit of scientifically-based research and management of our nation's migratory game bird resources and their habitats and in his support of sound hunting programs. It is presented to college and university students in Nebraska who have demonstrated exceptional leadership in the science of migratory game bird conservation and management.

Recipient

Zach Cunningham, University of Nebraska-Lincoln
 Ingrid Barcelo, University of Nebraska-Lincoln

 Scott Groepper, University of Nebraska-Lincoln
 Todd Buckley, University of Nebraska-Lincoln
 Dustin Casady, University of Nebraska-Kearney
 Matt Haugen, University of Nebraska-Lincoln
