

FSP Industry Day AGENDA

Agenda (start at 11:00 am ET, 8 am PT):

- 10 mins (11:00 –11:10) Virtual Platform Ground Rules, Introductions and Agenda (*INL/DOE*)
- 15 mins (11:10 –11:25) Space Fission Power Systems Vision (*Reuter/Baranwal*)
- 15 mins (11:25 – 11:40) Surface Power Enabling Technology (*Calomino/Bishop*)
- 45 mins (11:40 –12:25) NASA Nuclear Fission Power Project – Mission, Goals, & Approach (*Tofil/Weston*)
- 45 mins (12:25-1:10) FSP Design Expectations: RFI, RFP #1 (Phase I) Q&A (**STMD/INL**)
- 60 mins (1:10-2:00) Lunch
- 45 mins (2:00-2:45) Open Discussion: Q&A (**Anthony, INL**)
- 3 hrs (2:45 – 5:45) 15 - 30 min one-on-one Industry/Gov't sessions

Meeting Goals:

- Share NASA's vision and needs for space fission power
- Detail the RFI & RFP processes and purpose
- Update government on industry capabilities, readiness, and interest
- Provide industry assistance with innovative technologies & approaches for design and development approach
