Applicant's Representations:

1. The Company is an internally managed, non-diversified, closed-end investment company that has elected to be regulated as a business development company ("BDC") under the Act. The Company is currently permitted to issue shares of Restricted Stock under the terms of its Plan in reliance on the Prior Order. Applicant seeks to amend the Prior Order in order to permit the Company, pursuant to the Plan, to withhold shares of the Company's common stock or purchase shares of the Company's common stock from employees or non-employee directors ("Participants") to satisfy tax withholding obligations related to the vesting of Restricted Stock or the exercise of stock

options that were or will be granted pursuant to the Plan. In addition, the Company seeks to amend the Prior Order to permit Participants to pay the exercise price of options that were or will be granted to them pursuant to the Plan with shares of the Company's common stock already held by them. The Company will continue to comply with all of the terms and conditions of the Prior Order.

2. The Plan authorizes the issuance to Participants of shares of Restricted Stock and options to purchase shares of the Company's common stock, subject to certain forfeiture restrictions. On the date Restricted Stock vests, shares of the Restricted Stock are released to the Participant and are available for sale or transfer and the value of the vesting shares is deemed to be compensation for an employee of the Company.<sup>2</sup> As discussed more fully in the application, certain exercises of options result in a Participant being deemed to have received compensation in the amount by which the fair market value of the shares of the Company's common stock, determined as of the date of exercise, exceeds the exercise price. Applicant states that any compensation income recognized by an employee generally is subject to federal withholding for income and employment tax purposes. Accordingly, arrangements must be made to satisfy the necessary withholding tax obligations.

3. The Company's stockholders approved the terms and provisions of the Plan on May 7, 2008. The Plan explicitly permits the Company to withhold shares of the Company's common stock or purchase shares of the Company's common stock from the Participants to satisfy tax withholding obligations related to the vesting of Restricted Stock or the exercise of options granted pursuant to the Plan. The Plan further provides

<sup>2</sup> During the restriction period (*i.e.*, prior to the lapse of the forfeiture restrictions), the Restricted Stock may not be sold, transferred, hypothecated, margined, or otherwise encumbered by the Participant.

that Participants may pay the exercise price of options to purchase shares of the Company's stock with shares of the Company's stock already held by such Participants.

Applicant's Legal Analysis:

1. Section 23(c) of the Act generally prohibits a registered closed-end investment company from purchasing any securities of which it is the issuer except in the open market, pursuant to tender offers or under other circumstances as the Commission may permit to ensure that the purchase is made on a basis that does not unfairly discriminate against any holders of the class or classes of securities to be purchased. The applicant states that the withholding or purchase of shares of Restricted Stock and common stock in payment of applicable withholding tax obligations or of common stock in payment for the exercise price of a stock option might be deemed to be purchases by the Company of its own securities within the meaning of section 23(c) and therefore prohibited by the Act.

2. Section 23(c)(3) provides that the Commission may issue an order that would permit a closed-end investment company to repurchase its shares in circumstances in which the repurchase is made in a manner or on a basis that does not unfairly discriminate against any holders of the class or classes of securities to be purchased.

Applicant believes that the requested relief meets the standards of section 23(c)(3).

3. Applicant states that these purchases will be made on a basis which does not unfairly discriminate against the stockholders of the Company because all purchases of the Company's stock will be at the closing price of the common stock on the NASDAQ (or any other primary exchange on which the shares are traded) on the relevant date (i.e. the public market price on the date the Restricted Stock vests or the date of the

exercise of any options). Applicant further states that no transactions will be conducted pursuant to the requested order on days where there are no reported market transactions involving the Company's shares. Applicant submits that because all transactions would take place at the public market price, the transactions would not be significantly different than could be achieved by any stockholder selling in a market transaction.

4. Applicant submits that the proposed purchases do not raise concerns about preferential treatment of the Company's insiders because the Plan is a bona fide compensation plan of the type that is common among corporations generally. Further, the vesting schedule is determined at the time of the initial grant of the Restricted Stock while the option exercise price is determined at the time of the initial grant of the options. Applicant represents that that all purchases will be made only as permitted by the Plan, which was approved by the Company's stockholders. Applicant argues that granting the requested relief would be consistent with precedent and the Commission's recognition of the important role that equity compensation can play in attracting and retaining qualified personnel with respect to certain types of investment companies, including BDCs.

For the Commission, by the Division of Investment Management, pursuant to delegated authority.
