

Every Home Energy Score Partner is featured on HomeEnergyScore.gov with a Partner Profile. Each Partner should submit a write up to their account manager or to HomeEnergyScore@ee.doe.gov using the guidance provided below. The Home Energy Score Team will review each submission and may edit for clarity.

Instructions

➤ **Logo**

Send in a high resolution logo for your organization or program to add visual interest to the page.

➤ **Background**

Each Partner should provide a one to two paragraph narrative that briefly introduces their organization (e.g. background and mission), and provides details about their Home Energy Score program, including how and to whom it's being offered (e.g. as part of "x" service, as a stand-alone offering, in support of "x" initiative), etc. Please limit this section to 200 words.

➤ **Markets Served**

Provide the locations where your organization will offer the Home Energy Score.

➤ **To Get a Home Energy Score:**

Provide visitors to your profile with a specific next step they can take if they are interested in the Home Energy Score. Examples include an email address to write to or a webpage dedicated to the Home Energy Score.

Example

Focus on Energy

Focus on Energy is Wisconsin utilities' statewide energy efficiency and renewable resource program. Since 2001, the program has worked with eligible Wisconsin residents and businesses to install cost-effective energy efficiency and renewable energy projects. The information, resources and financial incentives we provide help to implement energy saving projects that otherwise would not be completed, or to complete projects sooner than scheduled.

Focus on Energy offers the Home Energy Score as part of their Home Performance with ENERGY STAR program. Homeowners can receive a score when they schedule a home energy assessment with a Trade Ally that works with the program. The Trade Ally performing the assessment will include the Home Energy Score in the comprehensive home energy report prepared for the homeowner.

Markets Served:

Wisconsin

To Get a Home Energy Score:

Call 800.762.7077 or find a Trade Ally contractor to perform a home assessment at www.focusonenergy.com/findatradeally.
