INDEX.

Abdominal tuberculosis, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 308; of each registration state, 336.
—— per cent distribution of deaths, by age, 416, 420.
Abscess, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 323; of each registration state, 364.
—— per cent distribution of deaths, by age, 417, 422.
See also Tuberculous abscess.
Accidents, death rate per 100,000 population, in each registration area, 93; deaths from, 511. *See also* Automobile accidents, Electric-railroad accidents, Steam-railroad accidents, *and* Street-car accidents.
Accidents and injuries, per cent of deaths from all causes due to, in specified occupations, 389, 411; deaths, by age, in each occupation, 727, 769. *See also* Injuries, accidental.
Accountants. *See* Bookkeepers and accountants.
Actinomycosis, trichinosis, etc., deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 334.
Actors, professional showmen, etc., deaths, by color and age, 722, 724; by cause, 728, 768.
Addison's disease, deaths from, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 340.
Age, average and median, at death, 27, 380.
—— deaths classified by, 11, 780; in each registration area, 472, 550; in registration area, from each cause, 588; in each city of 100,000 population or over in 1900, 640; in specified occupations, 722, 724, 726, 768.
—— distribution of population by, per 1,000,000 persons in 1900, 426.
—— per cent distribution of deaths by, 388, 410, 416, 420.
See also Old age.
Agents, deaths, by cause, 396, 738, 774; by color and age, 722, 724; per cent distribution, by age, 396.
Agricultural laborers, deaths, by cause, 388, 726, 768; by color and age, 722, 724; per cent distribution, by age, 388.
Agricultural pursuits, deaths of persons engaged in, by cause, 388, 726, 728, 768; by color and age, 722, 724; per cent distribution of deaths, by age, 388, 410, 768.
Alcoholism, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598; in each occupation, 726, 768.
—— death rate per 100,000 population, in original registration states, 24; in registration area, 86; in cities and rural districts of registration states, 311; of each registration state, 342.
—— per cent of deaths from all causes due to, in specified occupations, 388, 410.
—— per cent distribution of deaths, by age, 416, 420.
Allegheny, Pa., death rate per 1,000 population, 19.
American Association for Study and Prevention of Infant Mortality, purpose of, 10.
Amputation, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 366.
Amsterdam, death rate per 1,000 population, 20.
Anemia, chlorosis, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 342.
Anemia, leukemia, average and median ages at death from, 27.
—— deaths from, by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in cities and rural districts of registration states, 311.
—— per cent distribution of deaths, by age, 416, 420.
See also Leukemia.
Angina pectoris, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23; in registration area, 88; in cities and rural districts of registration states, 314; of each registration state, 348.
—— per cent distribution of deaths, by age, 416, 420.
Apoplexy, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 86; in cities and rural districts of registration states, 312; of each registration state, 344.
Apoplexy, per cent distribution of deaths, by age, 416, 420.
Apoplexy and paralysis, deaths, by age, in each occupation, 726, 768.
—— per cent of deaths from all causes due to, in specified occupations, 388, 410.
See also Paralysis.
Appendicitis, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599; in each occupation, 727, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 88; in cities and rural districts of registration states, 320; of each registration state, 358.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
Architects, designers, draftsmen, etc., deaths, by color and age, 722, 724; by cause, 728.
Arteries, diseases of, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23; in registration area, 88; in cities and rural districts of registration states, 314; of each registration state, 348.
—— per cent distribution of deaths, by age, 416, 420.
Artists and teachers of art, deaths, by color and age, 722, 724; by cause, 730, 768.
Asiatic cholera, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 332.
Asphyxia, suicide by, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 370.
Asthma, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by age, in each occupation, 727, 769.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 352.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
Asthma and emphysema, average and median ages at death from, 27.
—— deaths, by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in cities and rural districts of registration states, 317.

Asthma and emphysema, per cent distribution of deaths, by age, 417, 422.
See also Emphysema.
Australasia, death rate per 1,000 population, 14.
Australian Commonwealth, death rate per 1,000 population, 14.
Austria, death rate per 1,000 population, 14.
Automobile accidents, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 327; of each registration state, 374.
—— per cent distribution of deaths, by age, 418, 424.

Bakers, deaths, by cause, 402, 750; by color and age, 723, 725; per cent distribution, by age, 402.
Baltimore, Md., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 661; by age, 661; by color, 662, 663.
Bankers and brokers, deaths, by cause, 396, 738; by color and age, 722, 724; per cent distribution, by age, 396.
Barbers and hairdressers, deaths, by cause, 392, 734, 770; by color and age, 722, 724; per cent distribution, by age, 392.
Bartenders, deaths, by cause, 392, 734; by color and age, 722, 724; per cent distribution, by age, 392.
Belfast, death rate per 1,000 population, 20.
Belgium, death rate per 1,000 population, 14.
Berlin, death rate per 1,000 population, 20.
Biliary calculi, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 319; of each registration state, 358.
—— per cent distribution of deaths, by age, 417, 422.
Blacksmiths, deaths, by cause, 404, 752; by color and age, 723, 725; per cent distribution, by age, 404.
Bladder, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 321; of each registration state, 360.
—— per cent distribution of deaths, by age, 417, 422.
Bleachery and dye-works operatives, deaths, by color and age, 723, 725; by cause, 760.
Boarding and lodging house keepers, deaths, by color and age, 722, 724; by cause, 734, 770.
Boatmen and sailors, deaths, by cause, 396, 738; by color and age, 722, 724; per cent distribution, by age, 396.
Bones, diseases of, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 323; of each registration state, 366.
Bones, diseases of, per cent distribution of deaths, by age, 417, 422.
Bookbinders, deaths, by color and age, 723, 725; by cause, 758, 776.
Bookkeepers and accountants, deaths, by cause, 396, 738, 774; by color and age, 722, 724; per cent distribution, by age, 396.
Boot and shoe makers and repairers, deaths, by cause, 404, 754, 774; by color and age, 723, 725; per cent distribution, by age, 404.
Boston, Mass., death rate per 1,000 population, 19, 20; average per year, 30.
—— deaths, by cause, 664; by age, 664; by color, 665, 666.
Bottlers and soda-water makers, etc., deaths, by color and age, 723; by cause, 754.
Boxmakers (paper), deaths, by color and age, 723, 725; by cause, 758.
Brain, diseases of, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 313; of each registration state, 346.
—— per cent distribution of deaths, by age, 416, 420.
See also Softening of brain.
Brassworkers, deaths, by color and age, 723, 725; by cause, 756.
Breast, diseases of. *See* Puerperal diseases of breast *and* Nonpuerperal diseases of breast (cancer excepted).
Breslau, death rate per 1,000 population, 20.
Brewers and maltsters, deaths, by color and age, 723; by cause, 756.
Brick and tile makers, etc., deaths, by color and age, 723; by cause, 748.
Bright's disease, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599; in each occupation, 727, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23; in original registration states, 24, 26; in registration area, 88; in cities and rural districts of registration states, 320; of each registration state, 358.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
Bright's disease and nephritis, deaths from, total, 88; in each registration area, 511.
—— death rate per 100,000 population, in registration area, 88; in each registration area, 93.
—— per cent distribution of deaths, by age, 417, 422.
See also Nephritis, acute.
Brokers. *See* Bankers and brokers.
Bronchitis, acute and chronic, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598; in each occupation, 727, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 88; in cities and rural districts of registration states, 316; of each registration state, 350, 352.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
Bronchopneumonia, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 88; in cities and rural districts of registration states, 316; of each registration state, 352.
—— per cent distribution of deaths, by age, 417, 422.
Bronx Borough, death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 687; by age, 687; by color, 688, 689.
Brooklyn Borough, death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 690; by age, 690; by color, 691, 692.
Broom and brush makers, deaths, by color and age, 723, 725; by cause, 764.
Brush makers. *See* Broom and brush makers.
Brussels, death rate per 1,000 population, 20.
Bucharest, death rate per 1,000 population, 20.
Budapest, death rate per 1,000 population, 20.
Buffalo, N. Y., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 683; by age, 683.
Bulgaria, death rate per 1,000 population, 14.
Burning by corrosive substances, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 376.
Burns and scalds, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 325; of each registration state, 372.
—— per cent distribution of deaths, by age, 418, 424.
Butchers, deaths, by cause, 404, 750; by color and age, 723; per cent distribution, by age, 404.
Butter and cheese makers, deaths, by color and age, 723, 725; by cause, 750.

Cabinetmakers, deaths, by cause, 404, 756; by color and age, 723, 725; per cent distribution, by age, 404.
Calculi of urinary tract, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 321; of each registration state, 360.
—— per cent distribution of deaths, by age, 417, 422.
California, population, 32; counties with death rates less than 7 per 1,000, 17; average age at death, 380.
—— death rate per 1,000 population, 15, 68, 380; in cities and rural districts, 18; per 100,000 population, by cause, 92; in cities and rural districts, 330.
—— deaths, by color, general nativity, and parent nativity, 436, 556; by month of occurrence, 436; by age, 472, 556, 600; by cause, 510, 576, 600; by sex, 556; in cities and rural districts, 576.

California rural, population, by counties, 46; death rate per 1,000 population, 75; per 100,000 population, by cause, 186.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 450; by age, 488; by cause, 526.
Cancer, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510; by age, in each occupation, 726, 768.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 86; in each registration area, 92.
—— per cent of deaths from all causes due to, in specified occupations, 388, 410.
—— per cent distribution of deaths, by age, 416, 420.
Cancer of breast, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 310; of each registration state, 340.
—— per cent distribution of deaths, by age, 416, 420.
Cancer of female genital organs, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 310; of each registration state, 338.
—— per cent distribution of deaths, by age, 416, 420.
Cancer of intestines, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 310; of each registration state, 338.
—— per cent distribution of deaths, by age, 416, 420.
Cancer of intestines and peritoneum, deaths, in each registration area, 576; in cities and rural districts, 576.
Cancer of mouth, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 309; of each registration state, 338.
—— per cent distribution of deaths, by age, 416, 420.
Cancer of skin, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 310; of each registration state, 340.
—— per cent distribution of deaths, by age, 416, 420.
Cancer of stomach and liver, average and median ages at death from, 27.
Cancer of stomach and liver, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 310; of each registration state, 338.
—— per cent distribution of deaths, by age, 416, 420.
Cap makers. *See* Hat and cap makers.
Carbuncle, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 322; of each registration state, 364.
—— per cent distribution of deaths, by age, 417, 422.
Carpenters and joiners, deaths, by cause, 400, 746; by color and age, 722, 724; per cent distribution, by age, 400.
Carpet-factory operatives, deaths, by color and age, 723, 725; by cause, 760.
Causes of death, increase or decrease in death rates from each class of, 21; from principal, 22; average and median ages at death from various, 26; average death rate, 1900–1909, by principal, 29; in each registration area, 510, 576; by sex and age, 588; by age, in each registration area, 596; in each city of 100,000 population in 1900, 640; by occupations, 726, 768. *See also* Ill-defined causes.
Cerebrospinal meningitis, epidemic, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 344.
See also Meningitis.
Ceylon, death rate per 1,000 population, 14.
Charbon. *See* Malignant pustule and charbon.
Charcoal, coke, and lime burners, deaths, by color and age, 723; by cause, 764.
Cheese makers. *See* Butter and cheese makers.
Chemical workers, deaths, by color and age, 723, 724; by cause, 748.
Chicago, Ill., death rate per 1,000 population, 19, 20; average per year, 30.
—— deaths, by cause, 649; by age, 649; by color, 650, 651.
Childbirth, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 511, 578; in cities and rural districts, 578; by age, in registration area, 592, 597; in registration states, 599; in each occupation, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22; in registration area, 88; in cities and rural districts of registration states, 322; of each registration state, 362.
—— per cent of deaths from all causes due to, in specificd occupations, 411.
—— per cent distribution of deaths, by age, 417, 422.
Chile, death rate per 1,000 population, 14.
Chinese and Japanese population, deaths, 1900–1909, 12. *See also* Japanese population.
Chinese population, deaths, in each registration area, 437, 550; by sex and age, 550.
Chlorosis. *See* Anemia, chlorosis.
Cholera. *See* Asiatic cholera.
Cholera nostras, average and median ages at death from, 27.
Cholera nostras, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 307; of each registration state, 332.
—— per cent distribution of deaths, by age, 416, 420.
Chorea, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 346.
Christiania, death rate per 1,000 population, 20.
Cigar factory operatives. *See* Tobacco and cigar factory operatives.
Cincinnati, Ohio, death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 704; by age, 704; by color, 705, 706.
Circulatory system, diseases of, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 511, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598; in each occupation, 727, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22, 25; in original registration states, 24, 26; in registration area, 88; in each registration area, 93; in cities and rural districts of registration states, 314; of each registration state, 348, 350.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 416, 420.
Cirrhosis of liver, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599; in each occupation, 727, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 88; in cities and rural districts of registration states, 319; of each registration state, 356.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
Cities in registration states, population, 32; distribution, by sex, age, color, nativity, and parent nativity per 1,000,000 persons of all ages in 1900, 428.
—— death rate per 1,000 population, 8, 13, 68, 380; per 100,000 population, average per year, 30; by cause, 92, 306, 330.
—— deaths, by color, general nativity, and parent nativity, 436, 552; by month of occurrence, 436; by age, 472, 552; by cause, 510, 576; by sex, 552.
Clergymen, deaths, by cause, 390, 730; by color and age, 722, 724; per cent distribution, by age, 390.
Clerks and copyists, deaths, by cause, 396, 738, 774; by color and age, 722, 724; per cent distribution, by age, 396.
Cleveland, Ohio, death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 707; by age, 707.
Clock and watch makers and repairers, deaths, by color and age, 723, 725; by cause, 758.

Coke burners. *See* Charcoal, coke, and lime burners.
Cold and freezing, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 325; of each registration state, 372.
—— per cent distribution of deaths, by age, 418, 424.
Color, deaths by, 12, 780; in each registration area, 436, 550; in specified occupations, 722, 724; distribution of population by, per 1,000,000 persons in 1900, 426.
Colorado, population, 32; counties with death rates less than 7 per 1,000, 17; average age at death, 380.
—— death rate per 1,000 population, 15, 68, 380; in cities and rural districts, 18; per 100,000 population, by cause, 92; in cities and rural districts, 330.
—— deaths, by color, general nativity, and parent nativity, 436, 556; by month of occurrence, 436; by age, 472, 556, 602; by cause, 510, 576, 602; by sex, 556; in cities and rural districts, 576.
Colorado rural, population, by counties, 46; death rate per 1,000 population, 76; per 100,000 population, by cause, 192.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 450; by age, 488; by cause, 528.
Colored population, cities with large proportions of, 20; distribution, per 1,000,000 persons in 1900, 426.
—— deaths, 1900–1909, 12; in each registration area, 436, 550; by age, 550, 722, 724, 792; by sex, 550, 792; by race, 550.
Columbus, Ohio, death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 708; by age, 708.
Commercial travelers, deaths, by cause, 398, 740; by color and age, 722, 724; per cent distribution, by age, 398.
Confectioners, deaths, by color and age, 723, 725; by cause, 750.
Conflagration, death rate per 100,000 population, in cities and rural districts of each registration state, 372.
—— deaths, in each registration area, 580; in cities and rural districts, 580.
Congenital debility, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 324; of each registration state, 368.
—— per cent distribution of deaths, by age, 418, 424.
Congenital malformation of heart (cyanosis), average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 324; of each registration state, 366.
—— per cent distribution of deaths, by age, 417, 422.
Congenital malformations, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
Congenital malformations, death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 324; of each registration state, 368.
—— per cent distribution of deaths, by age, 417, 422.
Congestion of lungs, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 316; of each registration state, 352.
—— per cent distribution of deaths, by age, 417, 422.
Connecticut, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 429; average age at death, 380.
—— death rate per 1,000 population, 15, 68, 380; in cities and rural districts, 18; per 100,000 population, average per year, 30; by cause, 92; in cities and rural districts, 330.
—— deaths, by color, general nativity, and parent nativity, 436, 558; by month of occurrence, 436; by age, 472, 558, 604; by cause, 510, 577, 604; by sex, 558; in cities and rural districts, 577.
Connecticut rural, population, by counties, 48; death rate per 1,000 population, 76; per 100,000 population, by cause, 198.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 452; by age, 490; by cause, 528.
Convulsions, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23; in registration area, 86; in cities and rural districts of registration states, 313; of each registration state, 346.
—— per cent distribution of deaths, by age, 416, 420.
See also Puerperal convulsions.
Coopers, deaths, by cause, 406, 756; by color and age, 723; per cent distribution, by age, 406.
Copenhagen, death rate per 1,000 population, 20.
Copyists. *See* Clerks and copyists.
Cotton-mill operatives, deaths, by cause, 406, 760, 776; by color and age, 723, 725; per cent distribution, by age, 406.
Counties, list of, with death rate less than 7 per 1,000, 17.
Croup, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 307; of each registration state, 332.
—— per cent distribution of deaths, by age, 416, 420.
See also Diphtheria and croup.
Crushing, suicide by, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 370.
Curriers. *See* Leather curriers and tanners.
Cutlery makers. *See* Tool and cutlery makers.
Cutting instruments, suicide by, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 370.
Cyanosis. *See* Congenital malformation of heart (cyanosis).

Dairymen, deaths, by color and age, 722, 724; by cause, 726.
Dealers. *See* Merchants and dealers.
Death rates, per 1,000 population, 8, 13, 19; in registration area, 10; in original registration states, 10; in registration states, 14; in cities and rural districts, 18; in specified foreign and American cities, 20; in each registration area, 68, 380; per 100,000 population, increase or decrease, 1900–1909, 22, 23; by cause, 25, 30, 86, 92; in original registration states, 24; in cities and rural districts, 26, 306, 330; in registration area, 86; in each registration area, 92; in each registration state, 330; in cities of 100,000 population and over, 380.
Deaths, in registration area, 10, 86, 588; in original registration states, 10; by cause, 11, 86, 416, 420, 510, 576, 588, 640, 726, 768; by sex, 11, 550, 588, 780; by age, 11, 388, 410, 416, 420, 472, 550, 588, 596, 640, 722, 724; by color, 12, 436, 550, 722, 724, 780; by nativity and parent nativity, 12, 436, 550, 780; in cities and rural districts, 306; by month of occurrence, 436; in each registration area, 436, 576, 596; in each city having 100,000 population or over in 1900, 640.
—— average and median ages, 26, 27.
—— per cent distribution, at certain age periods, 380.
See also Sudden deaths.
Debility, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 378.
See also Congenital debility.
Denmark, death rate per 1,000 population, 14.
Dentists, deaths, by color and age, 722, 724; by cause, 730.
Dentition, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 318; of each registration state, 356.
—— per cent distribution of deaths, by age, 417, 422.
Denver, Colo., death rate per 1,000 population, 19; average per year, 30; deaths, by cause, 644; by age, 644.
Designers. *See* Architects, designers, draftsmen, etc.
Detroit, Mich., death rate per 1,000 population, 19; average per year, 30; deaths, by cause, 669; by age, 669.
Diabetes, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 511, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598; in each occupation, 726, 768.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 86; in each registration area, 93; in cities and

rural districts of registration states, 311; of each registration state, 340.
Diabetes, per cent of deaths from all causes due to, in specified occupations, 388, 410.
—— per cent distribution of deaths, by age, 416, 420.
Diarrhea and enteritis, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 511, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 88; in each registration area, 93; in cities and rural districts of registration states, 318; of each registration state, 356.
—— per cent distribution of deaths, by age, 417, 422.
Digestive system, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 511, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599; in each occupation, 727, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22, 25; in original registration states, 24, 26; in registration area, 88; in each registration area, 93; in cities and rural districts of registration states, 317; of each registration state, 354, 358.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
Diphtheria, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 307; of each registration state, 332.
—— per cent distribution of deaths, by age, 416, 420.
Diphtheria and croup, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 86; in each registration area, 92.
—— per cent distribution of deaths, by age, 416, 420.
See also Croup.
Dislocations, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 372.
See also Fractures and dislocations.
Distillers and rectifiers, deaths, by color and age, 723; by cause, 756.
District of Columbia (Wash.), distribution of population by sex, age, color, nativity, and parent nativity per 1,000,000 persons in 1900, 430.
—— death rate, 18.
—— deaths, by age, 558; by sex, color, general nativity, and parent nativity, 558; by cause, 577.
Domestic and personal service, deaths of persons engaged in, by cause, 392, 732, 770; by color and age, 722, 724; per cent distribution, by age, 392, 410.
Draftsmen. *See* Architects, designers, draftsmen, etc.
Draymen, hackmen, teamsters, etc., deaths, by cause, 398, 740; by color and age, 722, 724; per cent distribution, by age, 398.
Dresden, death rate per 1,000 population, 20.
Dressmakers, deaths, by cause, 414, 762, 776; by color and age, 723, 725; per cent distribution, by age, 414.
Dropsy, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 328; of each registration state, 378.
—— per cent distribution of deaths, by age, 418, 424.
Drovers. *See* Stock raisers, herders, and drovers.
Drowning, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 326; of each registration state, 372.
—— per cent distribution of deaths, by age, 418, 424.
Drowning, suicide by, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 370.
Dublin, death rate per 1,000 population, 20.
Dye-works operatives. *See* Bleachery and dye-works operatives.
Dysentery, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 86; in cities and rural districts of registration states, 307; of each registration state, 332.

Ear, diseases of, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 348.
Earthquake, death rate per 100,000 population, in cities and rural districts of registration states, 327; of each registration state, 376.
Edinburgh, death rate per 1,000 population, 20.
Electricians, deaths, by cause, 390, 730; by color and age, 722, 724; per cent distribution, by age, 390.
Electric-railroad accidents, deaths from, in each registration area, 580; in cities and rural districts, 580.
Embolism and thrombosis, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 348.
Embolism and thrombosis, per cent distribution of deaths, by age, 416, 420.
Emphysema, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 352.
See also Asthma and emphysema.
Encephalitis, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 312; of each registration state, 344.
—— per cent distribution of deaths, by age, 416, 420.
Endocarditis, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23; in registration area, 88; in cities and rural districts of registration states, 314; of each registration state, 348.
—— per cent distribution of deaths, by age, 416, 420.
Engineers and firemen (not locomotive), deaths, by cause, 406, 764; by color and age, 723; per cent distribution, by age, 406.
Engineers (civil, etc.) and surveyors, deaths, by color and age, 722, 724; by cause, 730.
England and Wales, death rate per 1,000 population, 14.
Engravers, deaths, by color and age, 723; by cause, 758.
Enteritis. *See* Diarrhea and enteritis.
Epidemic diseases, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22; in registration area, 86; in each registration area, 92; in cities and rural districts of registration states, 308; of each registration state, 334.
—— per cent distribution of deaths, by age, 416, 420.
Epilepsy, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 313; of each registration state, 346.
—— per cent distribution of deaths, by age, 416, 420.
Errand boys. *See* Messengers and errand and office boys.
Errand girls. *See* Messengers and errand and office girls.
Erysipelas, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.

Erysipelas, death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 307; of each registration state, 334.
—— per cent distribution of deaths, by age, 416, 420.
Esophagus, diseases of, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 354.
Exanthematic typhus, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 330.
Exophthalmic goiter, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 340.
Eye and adnexa, diseases of, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 346.

Fall River, Mass., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 667; by age, 667.
Farcy. *See* Glanders and farcy.
Farmers, planters, and overseers, deaths, by cause, 388, 726, 768; by color and age, 722, 724; per cent distribution, by age, 388, 410.
Female genital organs, diseases of, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 362.
Females, average and median ages at death, 27; distribution, by age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 426.
—— deaths, by age, 550, 588, 724; by color, 550, 724, 780; by general nativity and parent nativity, 550, 780; by cause, 588, 726.
—— per cent distribution of deaths, by age, in specified occupations, 410.
Fever, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 378.
Finland, death rate per 1,000 population, 14.
Firearms, suicide by, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 370.
Firemen. *See* Watchmen, policemen, firemen, etc.
Firemen (not locomotive). *See* Engineers and firemen (not locomotive).
Fishermen and oystermen, deaths, by color and age, 723, 725; by cause, 750.
Florists. *See* Gardeners, florists, nurserymen, etc.
Food preparers, deaths, by color and age, 723, 725; by cause, 752.
Foreign-born white population, distribution per 1,000,000 persons in 1900, 426.
—— deaths, 1900–1909, 12; in each registration area, by general nativity, parent nativity, and month of occurrence, 436; by sex and age, 550, 789.
Foremen and overseers, deaths, by cause, 398, 740; by color and age, 722, 724; per cent distribution, by age, 398.
Fractures, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 370.
Fractures and dislocations, average and median ages at death from, 28.
—— deaths, by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in cities and rural districts, 325.
—— per cent distribution of deaths, by age, 418, 424.
See also Dislocations.
France, death rate per 1,000 population, 14.
Freezing. *See* Cold and freezing.
Furnace makers. *See* Stove, furnace, and grate makers.

Gangrene, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 322; of each registration state, 364.
—— per cent distribution of deaths, by age, 417, 422.
Gangrene of lungs, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 316; of each registration state, 352.
—— per cent distribution of deaths, by age, 417, 422.
Gardeners, florists, nurserymen, etc., deaths, by cause, 388, 726; by color and age, 722, 724; per cent distribution, by age, 388.
Gas fitters. *See* Plumbers and gas and steam fitters.
Gases, poisonous, inhalation of. *See* Poisonous gases, inhalation of.
Gases, poisonous, other accidental poisonings, deaths, by age, 727, 769.
Gastritis, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 318; of each registration state, 354.
—— per cent distribution of deaths, by age, 417, 422.
Genito-urinary system, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22, 25; in original registration states, 24, 26; in registration area, 88; in cities and rural districts of registration states, 320; of each registration state, 358.
Genito-urinary system, diseases of, per cent distribution of deaths, by age, 417, 422.
Germany, death rate per 1,000 population, 14.
Glanders and farcy, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 334.
Glasgow, death rate per 1,000 population, 20.
Glassworkers, deaths, by color and age, 723, 724; by cause, 748.
Glaziers. *See* Painters, glaziers, and varnishers.
Glovemakers, deaths, by color and age, 723, 725; by cause, 764.
Goiter. *See* Exophthalmic goiter.
Gold and silver workers, deaths, by color and age, 723, 725; by cause, 758.
Gonorrhea, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 338.
Gout. *See* Rheumatism, chronic, and gout.
Grate makers. *See* Stove, furnace, and grate makers.
Gunshot wounds, accidental, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 326; of each registration state, 374.
—— per cent distribution of deaths, by age, 418, 424.

Hackmen. *See* Draymen, hackmen, teamsters, etc.
Hague, The, death rate per 1,000 population, 20.
Hairdressers. *See* Barbers and hairdressers.
Hamburg, death rate per 1,000 population, 20.
Hanging or strangulation, suicide by, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 370.
Harness and saddle makers and repairers, deaths, by color and age, 723; by cause, 754.
Hat and cap makers, deaths, by color and age, 723, 725; by cause, 762.
Heart disease, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598; in each occupation, 727, 768.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 88; in cities and rural districts of registration states, 314; of each registration state, 348.
—— per cent of deaths from all causes due to, in specified occupations, 388, 410.
—— per cent distribution of deaths, by age, 416, 420.
Heart failure, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age,

in registration area, 597; in registration states, 599.
Heart failure, death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 328; of each registration state, 378.
—— per cent distribution of deaths, by age, 418, 424.
Heat and sunstroke, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 325; of each registration state, 372.
—— per cent distribution of deaths, by age, 418, 424.
Helpers (in stores, etc.). *See* Porters and helpers (in stores, etc.).
Hemorrhage of lungs, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 317.
—— per cent distribution of deaths, by age, 417, 422.
Hemorrhages, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 350.
See also Puerperal hemorrhage *and* Uterine hemorrhage.
Herders. *See*. Stock raisers, herders, and drovers.
Hernia, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599; in each occupation, 727, 769.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 318; of each registration state, 356.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
Homicide, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 327; of each registration state, 376.
—— per cent distribution of deaths, by age, 418, 424.
Hosiery and knitting mill operatives, deaths, by color and age, 723, 725; by cause, 760.
Hostlers, deaths, by cause, 398, 740; by color and age, 722; per cent distribution, by age, 398.
Hotel keepers, deaths, by cause, 394, 734; by color and age, 722, 724; per cent distribution, by age, 394.
Housekeepers and stewardesses, deaths, by color and age, 724; by cause, 772.
Housekeepers and stewards, deaths, by color and age, 722; by cause, 734.
Hucksters and peddlers, deaths, by cause, 398, 740; by color and age, 722, 724; per cent distribution, by age, 398.
Hungary, death rate per 1,000 population, 14.
Hydatid tumors of liver, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 319; of each registration state, 356.
—— per cent distribution of deaths, by age, 417, 422.
Hydrocephalus, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 324; of each registration state, 366.
—— per cent distribution of deaths, by age, 417, 422.

Ill-defined causes, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 511, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in each registration area, 93; in cities and rural districts of registration states, 327; of each registration state, 376, 378.
—— per cent distribution of deaths, by age, 418, 424.
Inanition, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 378.
Indian population, deaths, 1900–1909, 12; in each registration area, 437, 550; by sex and age, 550.
Indiana, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 430; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, 30; by cause, 94; in cities and rural districts, 330.
—— deaths, by color, general nativity, and parent nativity, 436, 560; by month of occurrence, 436; by age, 472, 560, 606; by cause, 510, 577, 606; by sex, 560; in cities and rural districts, 577.
Indiana rural, population, by counties, 48; death rate per 1,000 population, 77; per 100,000 population, by cause, 200.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 452; by age, 490; by cause, 530.
Indianapolis, Ind., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 652; by age, 652; by color, 653, 654.
Infancy, diseases of early, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 511, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
Infancy, death rate per 100,000 population, increase or decrease, 1900–1909, 22; in registration area, 90; in each registration area, 93; in cities and rural districts of registration states, 324; of each registration state, 368.
—— per cent distribution of deaths, by age, 418, 424.
Influenza, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in original registration states, 24, 26; increase or decrease, 1900–1909, 25; average per year, 30; in registration area, 86; in each registration area, 92; in cities and rural districts of registration states, 307; of each registration state, 332.
—— per cent distribution of deaths, by age, 416, 420.
Injuries, accidental, average and median ages at death from, 28.
—— deaths, by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in cities and rural districts, 327.
—— per cent distribution of deaths, by age, 418, 424.
See also Accidents and injuries.
Injuries at birth, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 327; of each registration state, 376.
—— per cent distribution of deaths, by age, 418, 424.
Insane, paralysis of. *See* Paralysis of insane.
Intestinal parasites, deaths from, total 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 356.
Intestines, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 319; of each registration state, 356.
See also Obstruction of intestines.
Ireland, death rate per 1,000 population, 14.
Iron and steel workers, deaths, by cause, 404, 752; by color and age, 723, 725; per cent distribution, by age, 404.
Italy, death rate per 1,000 population, 14.

Jamaica, death rate per 1,000 population, 14.
Janitors and sextons, deaths, by cause, 394, 734, 772; by color and age, 722, 724; per cent distribution, by age, 394.
Japan, death rate per 1,000 population, 14.
Japanese population, deaths, in each registration area, 437, 550; by sex and age, 550.
See also Chinese and Japanese population.
Jersey City, N. J., death rate per 1,000 population, 19; average per year, 30.

Jersey City, N. J., deaths, by cause, 680; by age, 680.
Joiners. *See* Carpenters and joiners.
Joints, diseases of, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 323; of each registration state, 366.
—— per cent distribution of deaths, by age, 417, 422.
Journalists, deaths, by color and age, 722, 724; by cause, 730.
Jumping from high places, suicide by, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 370.

Kansas City, Mo., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 672; by age, 672; by color, 673, 674.
Kidneys, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 320; of each registration state, 360.
—— per cent distribution of deaths, by age, 417, 422.
Knitting mill operatives. *See* Hosiery and knitting mill operatives.

Labor, accidents of, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 362.
Laborers (not specified), deaths, by cause, 394, 734, 772; by color and age, 722, 724; per cent distribution, by age, 394.
Lack of care, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 368.
Laryngitis, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 315; of each registration state, 350.
—— per cent distribution of deaths, by age, 417, 422.
Larynx, diseases of, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 315; of each registration state, 350.
—— per cent distribution of deaths, by age, 417, 422.
Launderers, deaths, by color and age, 722; by cause, 736.
Laundresses, deaths, by cause, 412, 772; by color and age, 724; per cent distribution, by age, 412.
Lawyers, deaths, by cause, 390, 730; by color and age, 722, 724; per cent distribution, by age, 390.
Lead poisoning, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by age, in each occupation, 726, 768.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 342.
—— per cent of deaths from all causes due to, in specified occupations, 388, 410.
Leather curriers and tanners, deaths, by color and age, 723, 725; by cause, 754.
Leather-case makers. *See* Trunk and leather-case makers, etc.
Leprosy, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 334.
Leukemia, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 342.
See also Anemia, leukemia.
Lightning, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 325; of each registration state, 372.
—— per cent distribution of deaths, by age, 418, 424.
Lime burners. *See* Charcoal, coke, and lime burners.
Literary and scientific persons, deaths, by color and age, 722, 724; by cause, 732, 770.
Lithographers. *See* Printers, lithographers, and pressmen.
Liver, acute yellow atrophy of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 319; of each registration state, 356.
—— per cent distribution of deaths, by age, 417, 422.
Liver, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599; in each occupation, 727, 769.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 319; of each registration state, 358.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
See also Cirrhosis of liver.
Livery-stable keepers, deaths, by color and age, 722; by cause, 740.
Locomotor ataxia, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
Locomotor ataxia, death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 312; of each registration state, 344.
—— per cent distribution of deaths, by age, 416, 420.
Locomotor system, diseases of, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22; in registration area, 90; in cities and rural districts of registration states, 323; of each registration state, 366.
—— per cent distribution of deaths, by age, 417, 422.
Lodging-house keepers. *See* Boarding and lodging house keepers.
London, death rate per 1,000 population, 20.
Los Angeles, Cal., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 640; by age, 640.
Louisville, Ky., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 655; by age, 655; by color, 656, 657.
Lumbermen and raftsmen, deaths, by cause, 388, 726; by color and age, 722; per cent distribution, by age, 388.
Lungs, diseases of. *See* Congestion of lungs, Gangrene of lungs, Hemorrhage of lungs, *and* Tuberculosis of lungs.
Lymphatics, diseases of, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 315; of each registration state, 350.
—— per cent distribution of deaths, by age, 416, 420.

Machinery, injuries by, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 326; of each registration state, 374.
—— per cent distribution of deaths, by age, 418, 424.
Machinists, deaths, by cause, 404, 752; by color and age, 723, 725; per cent distribution, by age, 404.
Maine, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 431; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, average per year, 30; by cause, 94; in cities and rural districts, 330.
—— deaths, by color, general nativity, and parent nativity, 436, 560; by month of occurrence, 436; by age, 472, 560, 608; by cause, 510, 577, 608; by sex, 560; in cities and rural districts, 577.
Maine rural, population by counties, 50; death rate per 1,000 ,opulation, 78; per 100,000 population, by pcause, 224.

Maine rural, deaths, by color, general nativity, parent nativity, and month of occurrence, 456; by age, 492; by cause, 532.
Malarial fever, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in original registration states, 24, 26; increase or decrease, 1900–1909, 25; average per year, 30; in registration area, 86; in each registration area, 92; in cities and rural districts of registration states, 306; of each registration state, 330.
—— per cent distribution of deaths, by age, 416, 420.
Male genital organs, nonvenereal diseases of, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 360.
Males, average and median ages at death, 27; distribution, by age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 426.
—— deaths, by age, 550, 588, 722; by color, 550, 722, 780; by general nativity and parent nativity, 550, 780; by cause, 588, 726.
—— per cent distribution of deaths, by age, in specified occupations, 388.
Malformations, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22; in registration area, 90; in cities and rural districts of registration states, 323; of each registration state, 366.
—— per cent distribution of deaths, by age, 417, 422.
See also Congenital malformations.
Malignant pustule and charbon, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 334.
Maltsters. *See* Brewers and maltsters.
Manhattan Borough, death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 693; by age, 693; by color, 694, 695.
Manufacturers and officials, etc., deaths, by cause, 408, 764; by color and age, 723, 725; per cent distribution, by age, 408.
Manufacturing and mechanical pursuits, deaths of persons engaged in, by cause, 400, 744, 774; by color and age, 722, 724; per cent distribution, by age, 400, 412.
Marasmus, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 378.
Marble and stone cutters, deaths, by cause, 402, 748; by color and age, 723; per cent distribution, by age, 402.
Marines. *See* Soldiers, sailors, and marines (U. S.).
Maryland, population, 32; counties with death rates less than 7 per 1,000, 17; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, by cause, 94; in cities and rural districts, 330.
Maryland, deaths, by color, 436, 562, 612, 614; by general nativity and parent nativity, 436, 562; by month of occurrence, 436; by age, 472, 562, 610; by cause, 510, 577, 610; by sex, 562; in cities and rural districts, 577.
Maryland rural, population, by counties, 52; death rate per 1,000 population, 78; per 100,000 population, by cause, 228.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 456; by age, 492; by cause, 532.
Masons (brick and stone), deaths, by cause, 402, 746; by color and age, 722; per cent distribution, by age, 402.
Massachusetts, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 431; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, average per year, 30; by cause, 94; in cities and rural districts, 330.
—— deaths, by color, general nativity, and parent nativity, 436, 562; by month of occurrence, 436; by age, 472, 562, 616; by cause, 510, 577, 616; by sex, 562; in cities and rural districts, 577.
Massachusetts rural, population, by counties, 52; death rate per 1,000 population, 78; per 100,000 population, by cause, 230.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 456; by age, 494; by cause, 534.
Measles, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population; increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 86; in each registration area, 92; in cities and rural districts of registration states, 306; of each registration state, 330.
—— per cent distribution of deaths, by age, 416, 420.
Mechanical pursuits. *See* Manufacturing and mechanical pursuits.
Mechanics (not otherwise specified), deaths, by color and age, 722, 724; by cause, 748.
Melbourne, death rate per 1,000 population, 20.
Memphis, Tenn., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 718; by age, 718; by color, 719, 720.
Meningitis, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 511, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 86; in each registration area, 93; in cities and rural districts of registration states, 312; of each registration state, 344.
—— per cent distribution of deaths, by age, 416, 420.
See also Tuberculous meningitis *and* Cerebrospinal meningitis, epidemic.
Mental diseases, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
Mental diseases, death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 313; of each registration state, 346.
—— per cent distribution of deaths, by age, 416, 420.
Merchants and dealers, deaths, by cause, 398, 740, 742, 774; by color and age, 722, 724; per cent distribution, by age, 398.
Messengers and errand and office boys, deaths, by color and age, 722; by cause, 742.
Messengers and errand and office girls, deaths, by color and age, 724.
Metal workers, deaths, by color and age, 723, 725; by cause, 758.
Metritis, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 360.
Michigan, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 432; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, average per year, 30; by cause, 94; in cities and rural districts, 330.
—— deaths, by color, 436; by general nativity and parent nativity, 436, 564; by month of occurrence, 436; by age, 472, 564, 618; by cause, 510, 582, 618; by sex, 564; in cities and rural districts, 582.
Michigan rural, population, by counties, 52; death rate per 1,000 population, 78; per 100,000 population, by cause, 234.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 456; by age, 494; by cause, 534.
Midwives. *See* Nurses and midwives.
Milan, death rate per 1,000 population, 20.
Miliary fever, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 332.
Millers, deaths, by color and age, 723, 725; by cause, 750.
Milliners, deaths, by color and age, 723, 725; by cause, 762, 776.
Milwaukee, Wis., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 721; by age, 721.
Miners and quarrymen, deaths, by cause, 402, 750; by color and age, 723, 725; per cent distribution, by age, 402.
Mines and quarries, injuries in, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 326; of each registration state, 374.
—— per cent distribution of deaths, by age, 418, 424.
Minneapolis, Minn., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 670; by age, 670.
Model and pattern makers, deaths, by color and age, 723, 725; by cause, 766.
Montreal, death rate per 1,000 population, 20.
Moscow, death rate per 1,000 population, 20.
Mouth, diseases of, average and median ages at death from, 28.

Mouth, diseases of, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 317; of each registration state, 354.
—— per cent distribution of deaths, by age, 417, 422.
Munich, death rate per 1,000 population, 20.
Musicians and teachers of music, deaths, by cause, 390, 732, 770; by color and age, 722, 724; per cent distribution, by age, 390.

Nasal fossa, diseases of, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 350.
Native-born white population, distribution per 1,000,000 persons in 1900, 426.
—— deaths, 1900–1909, 12; in each registration area, by general nativity, parent nativity, and month of occurrence, 436; by sex and age, 550, 783, 786, 789.
Nativity, deaths by, 12, 780; distribution of population by, per 1,000,000 persons in 1900, 426; in each registration area, 436, 550; sex and age, 780.
Negro population, distribution, per 1,000,000 persons in 1900, 426.
—— deaths, 1900–1909, 12; in each registration area, 437, 550; by sex and age, 550, 792.
Nephritis, acute, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 320; of each registration state, 358.
—— per cent distribution of deaths, by age, 417, 422.
See also Bright's disease and nephritis.
Nervous system, diseases of, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 511, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598; in each occupation, 726, 768.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22, 25; in original registration states, 24, 26; in registration area, 86; in each registration area, 93; in cities and rural districts of registration states, 311; of each registration state, 342, 346.
—— per cent of deaths from all causes due to, in specified occupations, 388, 410.
—— per cent distribution of deaths, by age, 416, 420.
Netherlands, death rate per 1,000 population, 14.
New Hampshire, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 432; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, average per year, 30; by cause, 94; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 564; by month of occurrence, 436; by age, 472, 564, 620; by cause, 510, 582, 620; by sex, 564; in cities and rural districts, 582.
New Hampshire rural, population, by counties, 54; death rate per 1,000 population, 80; per 100,000 population, by cause, 254.
New Hampshire rural, deaths, by color, general nativity, parent nativity, and month of occurrence, 458; by age, 496; by cause, 536.
New Haven, Conn., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 645; by age, 645.
New Jersey, population, 32; distribution, by sex, age periods, color, nativity, and parent, nativity per 1,000,000 persons in 1900, 433; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, average per year, 30; by cause, 94; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 566; by month of occurrence, 436; by age, 472, 566; by cause, 510, 582, 622; by sex, 566; in cities and rural districts, 582.
New Jersey rural, population, by counties, 54; death rate per 1,000 population, 80; per 100,000 population, by cause, 258.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 460; by age, 498; by cause, 536.
New Orleans, La., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 658; by age, 658; by color, 659, 660.
New South Wales, death rate per 1,000 population, 14.
New York, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 433; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, average per year, 30; by cause, 94; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 566; by month of occurrence, 436; by age, 472, 566, 624; by cause, 510, 582, 624; by sex, 566; in cities and rural districts, 582.
New York rural, population, by counties, 56; death rate per 1,000 population, 80; per 100,000 population, by cause, 262.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 460; by age, 498; by cause, 538.
New York, N. Y., death rate per 1,000 population, 19, 20; per 100,000 population, average per year, 30.
—— deaths, by cause, 684; by age, 684; by color, 685, 686.
New Zealand, death rate per 1,000 population, 14.
Newark, N. J., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 681; by age, 681.
Nonpuerperal diseases of breast (cancer excepted), deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 362.
Norway, death rate per 1,000 population, 14.
Nurserymen. *See* Gardeners, florists, nurserymen, etc.
Nurses, deaths, by color and age, 722; by cause, 736.
Nurses and midwives, deaths, by cause, 412, 772; by color and age, 724; per cent distribution, by age, 412.

Obstruction of intestines, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 318; of each registration state, 356.
Obstruction of intestines, per cent distribution of deaths, by age, 417, 422.
Occupations, per cent distribution of deaths of persons engaged in specified, 388, 410; deaths by, 722, 724, 726, 768.
Office boys. *See* Messengers and errand and office boys.
Office girls. *See* Messengers and errand and office girls.
Officials. *See* Manufacturers and officials, etc.
Officials (government) deaths, by cause, 392, 732; by color and age, 722, 724; per cent distribution, by age, 392.
Officials of banks and companies, deaths, by color and age, 722, 724; by cause, 742.
Ohio, population, 32; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, by cause, 94; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 568; by month of occurrence, 436; by age, 472, 568, 626; by cause, 510, 583, 626; by sex, 568; in cities and rural districts, 583.
Ohio rural, population, by counties, 56; death rate per 1,000 population, 81; per 100,000 population, by cause, 276.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 462; by age, 500; by cause, 538.
Oil well and oil works employees, deaths, by color and age, 723; by cause, 748.
Old age, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22; in registration area, 90; in cities and rural districts of registration states, 324; of each registration state, 368.
—— per cent distribution of deaths, by age, 418, 424.
Omaha, Nebr., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 679; by age, 679.
Ontario (Canada), death rate per 1,000 population, 14.
Ovarian tumor, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 321; of each registration state, 362.
—— per cent distribution of deaths, by age, 417, 422.
Overseers. *See* Farmers, planters, and overseers *and* Foremen and overseers.
Oystermen. *See* Fishermen and oystermen.

Packers and shippers, deaths, by color and age, 722, 724; by cause, 742.
Painters, glaziers, and varnishers, deaths, by cause, 402, 746; by color and age, 722, 724; per cent distribution, by age, 402.
Paper and pulp mill operatives, deaths, by color and age, 723, 725; by cause, 760.
Paper hangers, deaths, by color and age, 722; by cause, 746.
Paralysis, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.

Paralysis, death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 86; in cities and rural districts of registration states, 312; of each registration state, 344.
—— per cent distribution of deaths, by age, 416, 420.
See also Apoplexy and paralysis.
Paralysis of insane, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 313; of each registration state, 344.
—— per cent distribution of deaths, by age, 416, 420.
Parent nativity, deaths by, 12, 780; distribution of population by, per 1,000,000 persons in 1900, 426; in each registration area, 436, 550; by sex and age, 780.
Paris, death rate per 1,000 population, 20.
Paterson, N. J., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 682; by age, 682.
Pattern makers. *See* Model and pattern makers.
Peddlers. *See* Hucksters and peddlers.
Pellagra, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 336.
Pennsylvania, population, 32; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, by cause, 94; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 568; by month of occurrence, 436; by age, 472, 568, 628; by cause, 510, 583, 628; by sex, 568; in cities and rural districts, 583.
Pennsylvania rural, population, by counties, 58; death rate per 1,000 population, 82; per 100,000 population, by cause, 278.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 464; by age, 502; by cause, 542.
Pericarditis, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 314; of each registration state, 348.
—— per cent distribution of deaths, by age, 416, 420.
Peritoneum, cancer of. *See* Cancer of intestines and peritoneum.
Peritonitis, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599; in each occupation, 727, 769.
—— death rate per 100,000 population, increase, or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 88; in cities and rural districts of registration states, 320; of each registration state, 358.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
Peritonitis, per cent distribution of deaths, by age, 417, 422.
Personal service. *See* Domestic and personal service.
Pharynx, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 317; of each registration state, 354.
—— per cent distribution of deaths, by age, 416, 422.
Philadelphia, Pa., death rate per 1,000 population, 19, 20; average per year, 30.
—— deaths, by cause, 710; by age, 710; by color, 711, 712.
Phlegmasia alba dolens. *See* Puerperal phlegmasia alba dolens.
Photographers, deaths, by color and age, 723, 725; by cause, 766.
Physicians and surgeons, deaths, by cause, 392, 732, 770; by color and age, 722, 724; per cent distribution, by age, 392.
Pittsburgh, Pa., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 713; by age, 713; by color, 714, 715.
Plague, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 332.
Planing-mill employees. *See* Saw and planing mill employees.
Planters. *See* Farmers, planters, and overseers.
Plasterers, deaths, by color and age, 722; by cause, 746.
Pleurisy, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598; in each occupation, 727, 769.
—— death rate per 100,000 population, average per year, 30; in registration area, 88; in cities and rural districts of registration states, 316; of each registration state, 352.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
Plumbers and gas and steam fitters, deaths, by cause, 402, 746; by color and age, 722, 724; per cent distribution, by age, 402.
Pneumonia (all forms), deaths from, total, 88; by age, in each occupation, 727, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23; in registration area, 88.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
Pneumonia (lobar and unqualified), average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 511, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 88; in each registration area, 93; in cities and rural districts of registration states, 316; of each registration state, 352.
Pneumonia (lobar and unqualified), per cent distribution of deaths, by age, 417, 422.
Poison, suicide by, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 368.
Poisonings, accidental, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 326; of each registration state, 372.
—— per cent distribution of deaths, by age, 418, 424.
Poisonings, chronic, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 311; of each registration state, 342.
—— per cent distribution of deaths, by age, 416, 420.
Poisonings, occupational, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 342.
Poisonings, occupational and chronic, per cent of deaths from all causes due to, in specified occupations, 388, 410; by age, in each occupation, 726, 768.
Poisonous gases, inhalation of, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 326; of each registration state, 372.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 418, 424.
Policemen. *See* Watchmen, policemen, firemen, etc.
Population, growth of, in registration area, 7; methods of estimating, 8; total, in registration area, 10; in original registration states, 10; in each registration area, 32.
—— average density, 16.
—— distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons of all ages in 1900, 426.
Porters and helpers (in stores, etc.), deaths, by cause, 400, 742; by color and age, 722, 724; per cent distribution, by age, 400.
Pott's disease, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 308; of each registration state, 336.
—— per cent distribution of deaths, by age, 416, 420.
Potters, deaths, by color and age, 723, 724; by cause, 748.
Prague, death rate per 1,000 population, 20.

Pregnancy, accidents of, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 362.
Premature birth, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23; in registration area, 90; in cities and rural districts of registration states, 324; of each registration state, 368.
—— per cent distribution of deaths, by age, 418, 424.
Pressmen. *See* Printers, lithographers, and pressmen.
Printers, lithographers, and pressmen, deaths, by cause, 406, 760, 776; by color and age, 723, 725; per cent distribution, by age, 406.
Privation. *See* Starvation, privation, etc.
Professional service, deaths of persons engaged in, by cause, 390, 728, 732, 768; by color and age, 722, 724; per cent distribution, by age, 388.
Professors. *See* Teachers and professors in colleges, etc.
Prostate, diseases of, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 360.
Providence, R. I., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 717; by age, 717.
Prussia, death rate per 1,000 population, 14.
Puerperal accidents, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 364.
Puerperal convulsions, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 322; of each registration state, 364.
—— per cent distribution of deaths, by age, 417, 422.
Puerperal diseases of breast, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 364.
Puerperal hemorrhage, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 362.
Puerperal phlegmasia alba dolens, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 364.
Puerperal septicemia, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
Puerperal septicemia, death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 322; of each registration state, 364.
—— per cent distribution of deaths, by age, 417, 422.
Pulp mill operatives. *See* Paper and pulp mill operatives.
Pustule. *See* Malignant pustule and charbon.

Quarries, injuries in. *See* Mines and quarries, injuries in.
Quarrymen. *See* Miners and quarrymen.
Queens Borough, death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 696; by age, 696; by color, 697, 698.
Queensland, death rate per 1,000 population, 14.

Rabies, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 334.
Raftsmen. *See* Lumbermen and raftsmen.
Railroad accidents and injuries, average and median ages at death from, 28.
—— deaths from, total, 90; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 326; of each registration state, 374.
—— per cent distribution of deaths, by age, 418, 424.
See also Electric-railroad accidents *and* Steam-railroad accidents.
Rectifiers. *See* Distillers and rectifiers.
Registration area, states included in, 7; population, 7, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 426.
—— death rates per 1,000 population, 8, 10, 13, 14, 68, 380; per 100,000 population, increase or decrease, 1900–1909, 22, 23; average per year, 30; by cause, 92.
—— deaths, by cause, 86, 510, 576, 589, 596, 726, 768; by color, general nativity, and parent nativity, 436, 550; by month of occurrence, 436; by age, 416, 420, 472, 551, 589, 596, 722, 724; by sex, 550, 589.
—— per cent distribution of deaths, by age, 388, 410.
Registration cities, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 427, 429.
—— death rates per 1,000 population, 8, 13, 19, 68, 380; per 100,000 population, by cause, 26, 92, 96, 306; average per year, 30.
—— deaths, by color, general nativity, and parent nativity, 436, 550, 554; by month of occurrence, 436; by age, 472, 550; by cause, 510; by sex, 550.
Registration states, population, 32; average density, 16; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 427.
—— death rates per 1,000 population, 8, 10, 13, 15, 68, 380; in cities and rural districts, 18, 26, 330; per 100,000 population, in original, 24; by cause, 25, 92, 306, 330; average per year, 30.
—— deaths, by color, general nativity, and parent nativity, 436, 552, 780; by month of occurrence, 436; by age, 472, 550, 598, 780; by cause, 510, 576, 598; by sex, 552, 780.
Relapsing fever, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
Relapsing fever, death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 330.
Respiratory system, diseases of, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 511, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598; in each occupation, 727, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22, 25; in original registration states, 24, 26; in registration area, 88; in each registration area, 93; in cities and rural districts of registration states, 315; of each registration state, 350, 354.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 417, 422.
Restaurant keepers, deaths, by color and age, 722, 724; by cause, 736.
Rheumatism, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598; in each occupation, 726, 768.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; in registration area, 86; in cities and rural districts of registration states, 311.
—— per cent of deaths from all causes due to, in specified occupations, 388, 410.
—— per cent distribution of deaths, by age, 416, 420.
Rheumatism, acute articular, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 340.
Rheumatism, chronic, and gout, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 340.
Rhode Island, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 434; average age at death, 381.
—— death rate per 1,000 population, 15, 68, 381; in cities and rural districts, 18; per 100,000 population, average per year, 30; by cause, 96; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 570; by month of occurrence, 436; by age, 472, 570, 630; by cause, 510, 583, 630; by sex, 570; in cities and rural districts, 583.
Rhode Island rural, population, by counties, 60; death rate per 1,000 population, 83; per 100,000 population, by cause, 286.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 466; by age, 502; by cause, 542.
Richmond Borough, death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 699; by age, 699; by color, 700, 701.
Rio de Janeiro, death rate per 1,000 population, 20.
Rochester, N. Y., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 702; by age, 702.
Rome, death rate per 1,000 population, 20.
Roofers and slaters, deaths, by color and age, 722; by cause, 746.
Rotterdam, death rate per 1,000 population, 20.

Roumania, death rate per 1,000 population, 14.
Rubber-factory operatives, deaths, by color and age, 723, 725; by cause, 766.
Rural districts, death rates, comparison with urban, 18; per 100,000 population, by cause, 26.
Rural mortality, in registration states, comparison with urban, 18.
Rural part of registration states, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 428.
—— death rate per 1,000 population, 8, 13, 68, 380; per 100,000 population, average per year, 30; by cause, 92, 306, 330.
—— deaths, by color, general nativity, and parent nativity, 436, 554; by month of occurrence, 436; by age, 472, 554; by cause, 510, 576; by sex, 554.

Saddle makers and repairers. *See* Harness and saddle makers and repairers.
Sailors. *See* Boatmen and sailors *and* Soldiers, sailors, and marines (U. S.).
St. Joseph, Mo., deaths, by cause, 675; by age, 675.
St. Louis, Mo., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 676; by age, 676; by color, 677, 678.
St. Paul, Minn., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 671; by age, 671.
St. Petersburg, death rate per 1,000 population, 20.
Salesmen, deaths, by cause, 400, 742; by color and age, 722; per cent distribution, by age, 400.
Saleswomen, deaths, by color and age, 724; by cause, 774.
Saloon keepers, deaths, by cause, 394, 736; by color and age, 722, 724; per cent distribution, by age, 394.
San Francisco, Cal., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 641; by age, 641; by color, 642, 643.
Saw and planing mill employees, deaths, by color and age, 723, 725; by cause, 756.
Scalds. *See* Burns and scalds.
Scarlet fever, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 86; in each registration area, 92; in cities and rural districts of registration states, 306; of each registration state, 330.
—— per cent distribution of deaths, by age, 416, 420.
Scientific persons. *See* Literary and scientific persons.
Scotland, death rate per 1,000 population, 14.
Scranton, Pa., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 716; by age, 716.
Scrofula, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 309; of each registration state, 338.
Scrofula, per cent distribution of deaths, by age, 416, 420.
Scurvy, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 342.
Seamstresses, deaths, by cause, 414, 762, 778; by color and age, 723, 725; per cent distribution, by age, 414.
Septicemia, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 308; of each registration state, 334.
—— per cent distribution of deaths, by age, 416, 420.
See also Puerperal septicemia.
Servants and waiters, deaths, by cause, 394, 736, 772; by color and age, 722; per cent distribution, by age, 394.
Servants and waitresses, deaths, by cause, 412; by color and age, 724; per cent distribution, by age, 412.
Servia, death rate per 1,000 population, 14.
Service. *See* Domestic and personal service *and* Professional service.
Sex, average and median ages at death by, 27.
—— deaths classified by, 10, 11, 780; in each registration area, 550; in registration area, from each cause, 588.
—— distribution of population by, per 1,000,000 persons in 1900, 426.
Sextons. *See* Janitors and sextons.
Shippers. *See* Packers and shippers.
Shirt, collar, and cuff makers, deaths, by color and age, 723, 725; by cause, 762, 778.
Shoe makers and repairers. *See* Boot and shoe makers and repairers.
Showmen, professional. *See* Actors, professional showmen, etc.
Silk-mill operatives, deaths, by color and age, 723, 725; by cause, 760, 776.
Silver workers. *See* Gold and silver workers.
Skin, diseases of, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22; in registration area, 90; in cities and rural districts of registration states, 322; of each registration state, 364, 366.
—— per cent distribution of deaths, by age, 417, 422.
Slaters. *See* Roofers and slaters.
Smallpox, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in original registration states, 24; in registration area, 86; in each registration area, 92; in cities and rural districts of registration states, 306; of each registration state, 330.
—— per cent distribution of deaths, by age, 416, 420.
Soda-water makers. *See* Bottlers and soda-water makers, etc.
Softening of brain, average and median ages at death from, 27.
Softening of brain, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 312; of each registration state, 344.
—— per cent distribution of deaths, by age, 416, 420.
Soldiers, sailors, and marines (U. S.), deaths, by color and age, 722; by cause, 736.
South Australia, death rate per 1,000 population, 14.
South Dakota, population, 32; counties with death rates less than 7 per 1,000, 17; average age at death, 382.
—— death rate per 1,000 population, 15, 68, 382; in cities and rural districts, 18; per 100,000 population, by cause, 96; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 570; by month of occurrence, 436; by age, 472, 570, 632; by cause, 510, 583, 632; by sex, 570; in cities and rural districts, 583.
South Dakota rural, population, by counties, 60; death rate per 1,000 population, 83; per 100,000 population, by cause, 288.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 466; by age, 504; by cause, 542.
Spain, death rate per 1,000 population, 14.
Spinal cord, diseases of, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 312; of each registration state, 344.
—— per cent distribution of deaths, by age, 416, 420.
Spleen, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 319; of each registration state, 358.
—— per cent distribution of deaths, by age, 417, 422.
Starvation, privation, etc., deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 376.
Steam fitters. *See* Plumbers and gas and steam fitters.
Steam-boiler makers, deaths, by cause, 752.
Steam-railroad accidents, deaths from, in each registration area, 580; in cities and rural districts, 580.
Steam-railroad employees, deaths, by cause, 400, 742; by color and age, 722, 724; per cent distribution of deaths, by age, 400.
Steel workers. *See* Iron and steel workers.
Stenographers and typewriters, deaths, by color and age, 722, 724; by cause, 744.
Stewardesses. *See* Housekeepers and stewardesses.
Stewards. *See* Housekeepers and stewards.
Stock raisers, herders, and drovers, deaths, by cause, 390, 728; by color and age, 722, 724; per cent distribution, by age, 390.

Stockholm, death rate per 1,000 population, 20.
Stomach, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578, in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 318; of each registration state, 354.
—— per cent distribution of deaths, by age, 417, 422.
See also Ulcer of stomach.
Stonecutters. *See* Marble and stone cutters.
Stove, furnace, and grate makers, deaths, by color and age, 723; by cause, 752.
Strangulation, suicide by. *See* Hanging or strangulation, suicide by.
Street-car accidents, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 327; of each registration state, 374.
—— per cent distribution of deaths, by age, 418, 424.
Street-railway employees, deaths, by cause, 400, 744; by color and age, 722, 724; per cent distribution, by age, 400.
Sudden death, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 378.
Suffocation, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 327; of each registration state, 376.
—— per cent distribution of deaths, by age, 418, 424.
Suicide, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 511, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599; in each occupation, 727, 769.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23; in registration area, 90; in each registration area, 93; in cities and rural districts of registration states, 325.
—— per cent of deaths from all causes due to, in specified occupations, 389, 411.
—— per cent distribution of deaths, by age, 418, 424.
Sunstroke. *See* Heat and sunstroke.
Surgeons. *See* Physicians and surgeons.
Surveyors. *See* Engineers (civil, etc.) and surveyors.
Sweden, death rate per 1,000 population, 14.
Switzerland, death rate per 1,000 population, 14.
Sydney, death rate per 1,000 population, 20.
Syphilis, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 338.
Syracuse, N. Y., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 703; by age, 703.

Tailoresses, deaths, by color and age, 725; by cause, 778.
Tailors, deaths, by cause, 406, 764; by color and age, 723; per cent distribution, by age, 406.
Tanners. *See* Leather curriers and tanners.
Tasmania, death rate per 1,000 population, 14.
Teachers and professors in colleges, etc., deaths, by cause, 392, 732, 770; by color and age, 722, 724; per cent distribution, by age, 392, 410.
Teachers of art. *See* Artists and teachers of art.
Teachers of music. *See* Musicians and teachers of music.
Teamsters. *See* Draymen, hackmen, teamsters, etc.
Telegraph and telephone linemen, deaths, by color and age, 722; by cause, 744.
Telegraph and telephone operators, deaths, by color and age, 722, 724; by cause, 744.
Telephone linemen. *See* Telegraph and telephone linemen.
Telephone operators. *See* Telegraph and telephone operators.
Tetanus, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 313; of each registration state, 346.
—— per cent distribution of deaths, by age, 416, 420.
Textile workers, deaths, by color and age, 723, 725; by cause, 764.
Textile-mill operatives, deaths, by color and age, 723, 725; by cause, 762.
Thrombosis. *See* Embolism and thrombosis.
Thyroid body, diseases of, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 315; of each registration state, 350.
—— per cent distribution of deaths, by age, 417, 422.
Tile makers. *See* Brick and tile makers.
Tin-plate and tinware makers, deaths, by cause, 406, 758; by color and age, 723, 725; per cent distribution, by age, 406.
Tinware makers. *See* Tin-plate and tinware makers.
Tobacco and cigar factory operatives, deaths, by cause, 408, 766, 778; by color and age, 723, 725; per cent distribution, by age, 408.
Toledo, Ohio, death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 709; by age, 709.
Tonsilitis, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 317; of each registration state, 354.
—— per cent distribution of deaths, by age, 417, 422.
Tool and cutlery makers, deaths, by color and age, 723, 725; by cause, 752.
Toronto, death rate per 1,000 population, 20.
Trade and transportation, deaths of persons engaged in, by cause, 396, 738, 744, 772; by color and age, 722, 724; per cent distribution, by age, 396.
Transportation. *See* Trade and transportation.
Traumatisms, accidental, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 376.
Trichinosis. *See* Actinomycosis, trichinosis, etc.
Trieste, death rate per 1,000 population, 20.
Trunk and leather-case makers, etc., deaths, by color and age, 723, 725; by cause, 754.
Tuberculosis (all forms), average and median ages at death from, 27.
—— deaths from, total, 86.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23; average per year, 30; in registration area, 86.
—— per cent distribution of deaths, by age, 416, 420.
See also Abdominal tuberculosis.
Tuberculosis, general, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 309; of each registration state, 338.
—— per cent distribution of deaths, by age, 416, 420.
Tuberculosis of larynx, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 308; of each registration state, 336.
—— per cent distribution of deaths, by age, 416, 420.
Tuberculosis of lungs, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598; in each occupation, 726, 768.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 86; in each registration area, 92; in cities and rural districts of registration states, 308; of each registration state, 336.
—— per cent of deaths from all causes due to, in specified occupations, 388, 410.
—— per cent distribution of deaths, by age, 416, 420.
Tuberculous abscess, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 309; of each registration state, 336.
—— per cent distribution of deaths, by age, 416, 420.

Tuberculous meningitis, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 308; of each registration state, 336.
—— per cent distribution of deaths, by age, 416, 420.
Tubes, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 321; of each registration state, 362.
—— per cent distribution of deaths, by age, 417, 422.
Tumor, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 511, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in each registration area, 93; in cities and rural districts of registration states, 310; of each registration state, 340.
—— per cent distribution of deaths, by age, 416, 420.
See also Ovarian tumor *and* Uterine tumor.
Tumors of liver. *See* Hydatid tumors of liver.
Turin, death rate per 1,000 population, 20.
Turpentine farmers and laborers, deaths, by color and age, 722; by cause, 728.
Typewriters. *See* Stenographers and typewriters.
Typhoid fever, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598; in each occupation, 726, 768.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 86; in each registration area, 92; in cities and rural districts of registration states, 306; of each registration state, 330.
—— per cent of deaths from all causes due to, in specified occupations, 388, 410.
—— per cent distribution of deaths, by age, 416, 420.
Typhus. *See* Exanthematic typhus.

Ulcer of stomach, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 318; of each registration state, 354.
—— per cent distribution of deaths, by age, 417, 422.
Undertakers, deaths, by color and age, 722, 724; by cause, 744.
United Kingdom, death rate per 1,000 population, 14.
United States, population, 7; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 426.
Upholsterers, deaths, by color and age, 723, 725; by cause, 766.
Urban districts, death rates, comparison with rural, 18; per 100,000 population, by cause, 26.
Urban mortality, in registration states, comparison with rural, 18.
Urethra, urinary abscess, etc., diseases of, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 360.
Urinary abscess. *See* Urethra, urinary abscess, etc.
Urinary tract. *See* Calculi of urinary tract.
Uterine hemorrhage, deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of each registration state, 360.
Uterine tumor, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 321; of each registration state, 360.
—— per cent distribution of deaths, by age, 417, 422.
Uterus, diseases of, average and median ages at death from, 28.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 592; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 321; of each registration state, 362.

Varnishers. *See* Painters, glaziers, and varnishers.
Vehicles and horses, injuries by, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of registration states, 327; of each registration state, 374.
—— per cent distribution of deaths, by age, 418, 424.
Veins, diseases of, average and median ages at death from, 27.
—— deaths from, total, 88; in each registration area, 578; in cities and rural districts, 578; by sex and age, 590; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 88; in cities and rural districts of registration states, 315; of each registration state, 348.
—— per cent distribution of deaths, by age, 416, 420.
Venereal diseases, average and median ages at death from, 27.
—— deaths from, total, 86; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
Venereal diseases, death rate per 100,000 population, in original registration states, 24; in registration area, 86; in cities and rural districts of registration states, 309.
Venice, death rate per 1,000 population, 20.
Vermont, population, 32; distribution, by sex, age periods, color, nativity, and parent nativity per 1,000,000 persons in 1900, 434; average age at death, 382.
—— death rate per 1,000 population, 15, 68, 382; in cities and rural districts, 18; per 100,000 population, average per year, 30; by cause, 96; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 572; by month of occurrence, 436; by age, 472, 572, 634; by cause, 510, 583, 634; by sex, 572; in cities and rural districts, 583.
Vermont rural, population, by counties, 62; death rate per 1,000 population, 84; per 100,000 population, by cause, 294.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 468; by age, 504; by cause, 544.
Victoria, death rate per 1,000 population, 14.
Vienna, death rate per 1,000 population, 20.
Violence, average and median ages at death from, 28.
—— deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580; by sex and age, 594; by age, in registration area, 597; in registration states, 599.
—— death rate per 100,000 population, increase or decrease, 1900–1909, 22, 23, 25; in original registration states, 24, 26; in registration area, 90; in cities and rural districts of registration states, 325; of each registration state, 368.
—— per cent distribution of deaths, by age, 418, 424.
Violence, external, deaths from, total, 90; in each registration area, 580; in cities and rural districts, 580.
—— death rate per 100,000 population, in registration area, 90; in cities and rural districts of each registration state, 376.

Waiters. *See* Servants and waiters.
Waitresses. *See* Servants and waitresses.
Wales. *See* England and Wales.
Washington, population, 32; counties with death rates less than 7 per 1,000, 17; average age at death, 382.
—— death rate per 1,000 population, 15, 68, 382; in cities and rural districts, 18; per 100,000 population, by cause, 96; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 572; by month of occurrence, 436; by age, 472, 572, 636; by cause, 510, 583, 636; by sex, 572; in cities and rural districts, 583.
Washington rural, population, by counties, 62; death rate per 1,000 population, 84; per 100,000 population, by cause, 296.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 468; by age, 504; by cause, 544.
Washington, D. C., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 646; by age, 646; by color, 647, 648.
Watch makers and repairers. *See* Clock and watch makers and repairers.
Watchmen, policemen, firemen, etc., deaths, by cause, 394, 736; by color and age, 722, 724; per cent distribution, by age, 394.
Western Australia, death rate per 1,000 population, 14.
Wheelwrights, deaths, by color and age, 723; by cause, 754.
White population, distribution, per 1,000,000 persons in 1900, 426.

White population, deaths, 1900–1909, 12; in each registration area, 436, 550; by age, 550, 722, 724, 780; by sex, 550, 780; by general nativity and parent nativity, 550.
White swelling, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of registration states, 309; of each registration state, 336.
—— per cent distribution of deaths, by age, 416, 420.
Whooping cough, average and median ages at death from, 27.
—— deaths from, total, 86; in each registration area, 510, 576; in cities and rural districts, 576; by sex and age, 588; by age, in registration area, 596; in registration states, 598.
Whooping cough, death rate per 100,000 population, increase or decrease, 1900–1909, 23, 25; in original registration states, 24, 26; average per year, 30; in registration area, 86; in each registration area, 92; in cities and rural districts of registration states, 307; of each registration state, 332.
—— per cent distribution of deaths, by age, 416, 420.
Wireworkers, deaths, by color and age, 723, 725; by cause, 754.
Wisconsin, population, 32; counties with death rates less than 7 per 1,000, 17; average age at death, 382.
—— death rate per 1,000 population, 15, 68, 382; in cities and rural districts, 18; per 100,000 population, by cause, 96; in cities and rural districts, 331.
—— deaths, by color, general nativity, and parent nativity, 436, 574; by month of occurrence, 436; by age, 472, 574, 638; by cause, 510, 583, 638; by sex, 574; in cities and rural districts, 583.
Wisconsin rural, population, by counties, 64; death rate per 1,000 population, 84; per 100,000 population, by cause, 298.
—— deaths, by color, general nativity, parent nativity, and month of occurrence, 468; by age, 506; by cause, 546.
Wood choppers, deaths, by color and age, 722; by cause, 728.
Woodworkers, deaths, by color and age, 723, 725; by cause, 756.
Woolen-mill operatives, deaths, by color and age, 723, 725; by cause, 762, 776.
Worcester, Mass., death rate per 1,000 population, 19; average per year, 30.
—— deaths, by cause, 668; by age, 668.
Wounds. *See* Gunshot wounds.

Yellow fever, deaths from, total, 86; in each registration area, 576; in cities and rural districts, 576.
—— death rate per 100,000 population, in registration area, 86; in cities and rural districts of each registration state, 334.
