CRIMINAL CASES AND COMPLAINTS

During fiscal year 1958, new criminal business received in United States Attorneys' offices showed a slight upward trend. Total criminal complaints received were 100,447 an increase of 3,779 or 3.9 per cent over the preceding fiscal year. Criminal cases filed increased by 4.2 per cent or 1,216 to 30,485 cases. Among the types of violations having the largest increases were Liquor Law (from 3,693 to 4,160); National Stolen Property Act (5,365 to 5,870); Postal Laws (1,952 to 2,339); and Embezzlement (595 to 882). Narcotics and Counterfeiting and Forgery showed very little change. Criminal Tax cases filed decreased 224 or 16.6 per cent. The foregoing violations comprise 60 per cent of the total criminal cases filed.

There were increases in 48 districts in criminal filings which ranged from 260 in the District of Columbia to 3 cases in Western South Carolina while decreases occurred in 45 districts and ranged from 139 in Western Kentucky to 1 case in Western Oklahoma.

Grand jury proceedings totaled 15,690 a slight increase of 3.2 per cent over the number for the previous fiscal year. They have remained close to the 15,000 mark (since 1955).

For the first time since fiscal year 1954, the number of criminal cases terminated fell behind the number filed, although the 29,806 cases involving 39,174 defendants showed a slight increase of 398 or 1.4 per cent over the 29,408 terminated in 1957. Of the 29,806 cases closed 22,050 (having 27,917

defendants) were by plea of guilty, 2,240 (involving 3,253 defendants) were found guilty after trial, and 819 (with 1,330 defendants) not guilty. Cases handled per Assistant United States Attorney increased by 8 over the previous fiscal year while cases terminated per Assistant United States Attorney increased by 2.

A total of 71,098 criminal complaints were closed without reaching court dockets an increase of 3,117. Declinations of prosecution in these complaints amounted to 62,739, an increase of 2,845 over the previous fiscal year.

The backlog of pending criminal cases totaling 7,333 showed a slight increase of 2.3 per cent over June 30, 1957. 5,563 cases are in a triable status while 1,770 are in a fugitive or other status beyond the control of United States Attorneys. There has been little change in the age of criminal cases pending in United States Attorneys' offices, in the last three fiscal years. For example, there has been a slight rise in the number of cases less than one year old, and correspondingly a slight decrease in those more than one year old as indicated by the following table.

	<u>Less than one year old</u>	<u>More than one year old</u>
June 30, 1956	4,283	3,058
June 30, 1957	4,467	2,941
June 30, 1958	4,781	2,806

CIVIL SUITS AND MATTERS

Civil matters received showed an increase of 3,529 to 32,660, a 12.1 per cent gain over the 29,131 received in the previous year. It is noteworthy that this represents the largest number of matters ever received in a single fiscal year.

Likewise, the 24,573 civil suits filed in court were 1,651 more than the 22,922 filed in 1957 an increase of 7.2 per cent which represents the highest number of civil suits filed in any fiscal year. The larger increases ranged from 112 in Western New York to 418 in Eastern Michigan and in six other districts including Minnesota where new civil cases rose from 313 to 714.

A total of 51 districts showed increases; three had the same number; and 40 districts had decreases. Southern California with a decrease of 309 had the largest numeric decrease while Southern Texas with a decrease of 255 or 38.9 per cent had the greatest percentage decrease.

Sixty-five districts showed increases in matters received. New Jersey had the largest increase of 406 over the 816 matters received in 1957. The increases in suits filed and matters received resulted in a slowing down of the Department's drive to reduce backlogs.

Veterans and Tax cases accounted for the largest part of the increase in suits filed according to major cause of action.

While civil suits filed were reaching a new high, the number of civil suits terminated showed a slight decline from 23,498 to 22,942. Although this is the third highest total ever closed in any fiscal year, it is,

nevertheless, a reversal of the trend of the two preceding fiscal years when more cases were terminated than were filed. It is interesting to note that exactly half of the 94 districts had decreases in the number of cases terminated while five had no change, and forty-two showed increases. Eastern Michigan with 825 suits terminated had 205 more than the year before. On the other hand, Northern and Southern California with 331 and 597 respectively had the largest decreases in suits terminated. However in both of these districts more suits were terminated than filed so that there was a decrease in their pending caseloads.

The backlog of civil pending cases increased by 7.5 per cent to 18,940, or 1,315 more than the 17,625 pending as of June 30, 1957.

Almost 60 per cent of the cases were pending in 21 districts with caseloads ranging from 287 in Northern New York to 1,073 in Southern New York. Contract actions with 2,531, Lands with 3,339, Torts with 1,945, Veteran's matters with 1,770, Tax Lien with 2,257 and Civil Tax with 2,778 comprised 77.2 per cent of this total of 18,940 cases.

SAVINGS - COLLECTIONS - PERSONNEL

\$81,580,086 was saved in 1,288 of the 22,942 civil suits terminated in which the government as defendant was sued for a total of \$92,055,738. This is an increase of \$37,471,715 or 85.0 per cent over the \$44,108,371 saved in the previous fiscal year.

For the second year in succession, collections were down. Compared with the previous fiscal year, \$29,187,860 a decrease of 19.1 per cent, was collected in fiscal year 1958. This represents a return of \$2.46 for each dollar of the \$11,862,900 appropriated for United States Attorneys' offices for the year ending June 30, 1958.

During the year, an average of 1,558 employees were employed in United States Attorneys offices; 304 employees were appointed and 312 separated a net loss of 8 employees, and 1,550 employees were on the rolls as of June 30, 1958.
