

## 2.11 Sexual Abuse and Assault Prevention and Intervention

### I. Purpose and Scope

This detention standard requires that facilities that house ICE/ERO detainees act affirmatively to prevent sexual abuse and assaults on detainees; provide prompt and effective intervention and treatment for victims of sexual abuse and assault; and control, discipline and prosecute the perpetrators of sexual abuse and assault.

This detention standard applies to the following types of facilities housing ERO detainees:

- Service Processing Centers (SPCs);
- Contract Detention Facilities (CDFs); and
- State or local government facilities used by ERO through Intergovernmental Service Agreements (IGSAs).

*Procedures in italics are specifically required for SPCs, CDFs, and Dedicated IGSA facilities.* Non-dedicated IGSA facilities must conform to these procedures or adopt, adapt or establish alternatives, provided they meet or exceed the intent represented by these procedures.

Various terms used in this standard may be defined in standard “7.5 Definitions.”

### II. Expected Outcomes

Specific requirements are defined in “V. Expected Practices.” The expected outcomes of this detention standard are as follows:

1. The facility shall articulate and adhere to a written zero tolerance policy for sexual abuse or assault, outlining the facility’s approach to preventing, detecting, and responding to such conduct.
2. A designated Prevention of Sexual Assault Compliance Manager (PSA Compliance Manager) will assist in ensuring facility compliance with sexual abuse and assault prevention and intervention policies and procedures.
3. Staff shall receive training on their responsibilities under the facility’s Sexual Abuse and Assault Prevention and Intervention Program.
4. Detainees shall be informed about the facility’s Sexual Abuse and Assault Prevention and Intervention Program.
5. The facility will take appropriate steps to ensure that detainees with disabilities or limited English proficiency have an equal opportunity to participate in or benefit from all aspects of the facility’s Sexual Abuse and Assault Prevention and Intervention Program.
6. The facility will utilize available community resources to provide victim services and other appropriate support to the fullest extent possible following incidents of sexual abuse or assault.
7. Staff shall be alert to potential risks or signs of sexual abuse or assault, and take appropriate action to mitigate any identified risks or protect a detainee as necessary.
8. Detainees shall be screened upon intake for risk of sexual victimization or abusiveness, and housed accordingly.
9. The facility will use a coordinated, multidisciplinary team approach to effectively respond to all incidents of sexual abuse or assault and address any safety, medical, or mental health needs.
10. Staff shall immediately report any knowledge, suspicion, or information regarding an incident of sexual abuse or assault, retaliation against individuals who reported an incident,

or any staff neglect or violation of responsibilities which may have contributed to an incident or retaliation.

11. All allegations of sexual abuse or assault shall be immediately reported to ICE/ERO, and any other required entities based on the nature of the allegation.
12. Alleged victims shall be promptly referred for medical or mental health services, as appropriate, and receive any necessary emergency or ongoing care related to the incident.
13. Staff suspected of perpetrating sexual abuse or assault shall be removed from all duties requiring detainee contact pending the outcome of the investigation.
14. The facility shall ensure that each allegation of sexual abuse or assault is investigated by an appropriate criminal or administrative investigative entity, and shall cooperate with all investigative efforts to ensure a thorough and objective investigation.
15. Staff or detainee perpetrators will be appropriately disciplined for any confirmed acts of sexual abuse or assault.
16. The facility shall conduct a review following every investigation of sexual abuse or assault, and on an annual basis, to assess whether changes to facility policy or practice could better prevent, detect, or respond to sexual abuse and assault.
17. The facility shall maintain all records associated with incidents of sexual abuse or assault in appropriately secure files and locations.
18. The facility shall provide communication assistance to detainees with disabilities and detainees who are limited in their English proficiency (LEP). The facility will provide detainees with disabilities with effective communication, which may include the

provision of auxiliary aids, such as readers, materials in Braille, audio recordings, telephone handset amplifiers, telephones compatible with hearing aids, telecommunications devices for deaf persons (TTYs), interpreters, and note-takers, as needed. The facility will also provide detainees who are LEP with language assistance, including bilingual staff or professional interpretation and translation services, to provide them with meaningful access to its programs and activities.

All written materials provided to detainees shall generally be translated into Spanish. Where practicable, provisions for written translation shall be made for other significant segments of the population with limited English proficiency.

Oral interpretation or assistance shall be provided to any detainee who speaks another language in which written material has not been translated or who is illiterate.

## V. Expected Practices

### A. Written Policy and Procedures Required

Each facility’s policy and procedures shall reflect the unique characteristics of each facility, based on factors such as the availability of specialized community-based services, including rape crisis/trauma units in local medical centers, clinics and hospitals.

Each facility shall have written policy and procedures for a Sexual Abuse or Assault Prevention and Intervention Program. This policy must mandate zero tolerance toward all forms of sexual abuse or assault, outline the facility’s approach to preventing, detecting, and responding to such conduct and include, at a minimum:

1. procedures on preventing sexual abuse and assault, including:
  - a) procedures for assessing all detainees for their risk of sexual abusiveness or victimization;
  - b) procedures for housing detainees in accordance with their classification assessment;
  - c) training of all employees, contractors, and volunteers on the agency’s and facility’s zero tolerance policies and their responsibilities under those policies; and
  - d) notification to detainees of the facility’s Sexual

Abuse and Assault Prevention and Intervention Program.

2. procedures for immediate reporting of sexual abuse allegations, including:
  - a) procedures for immediate reporting of sexual abuse allegations through the facility’s chain of command, from the reporting official to the highest facility official as well as the Field Office Director, as well as a method by which staff can report outside the chain of command;
  - b) responsibility of all staff to report allegations or suspicions of sexual assault;
  - c) referrals to law enforcement agencies;
  - d) written documentation requirements to ensure that each allegation or suspicion is properly reported and addressed;
  - e) a method to receive third-party reports of sexual abuse in its facility, with information made available to the public regarding how to report sexual abuse on behalf of a detainee.
3. procedures for prompt and effective intervention to address the safety and treatment needs of detainee victims if an alleged assault occurs, including:
  - a) procedures for offering immediate protection, including prevention of retaliation and medical and mental health referrals;
  - b) plan to coordinate actions taken by staff first responders, medical and mental health practitioners, investigators, and facility leadership in response to an incident of sexual abuse;
  - c) methods for addressing the alleged victim’s future safety, medical, and mental health needs;
4. procedures to include victim advocate services in sexual abuse or assault prevention and intervention programs, if such resources are available;
5. procedures for investigation and discipline of

assailants, including:

- a) coordinating with ICE and other appropriate investigative agencies to ensure that an administrative or criminal investigation is completed for all allegations of sexual abuse;
  - b) following a uniform evidence protocol, including access to a forensic medical exam, which maximizes the potential for obtaining usable physical evidence for administrative proceedings and criminal prosecutions;
  - c) procedures for coordination of internal administrative investigations with the assigned criminal investigative entity to ensure non-interference with criminal investigations, as well as coordination with the ICE Office of Professional Responsibility (OPR);
  - d) disciplinary sanctions for staff, up to and including termination when there is a substantiated allegation of sexual abuse, or when staff has violated agency sexual abuse policies
6. procedures for data collection and reporting; and the facility's requirement to cooperate with all ICE audits and monitoring of facility compliance with sexual abuse and assault policies and standards.

“Appendix 2.11.A: Sample Sexual Abuse Prevention and Intervention Protocols” in this standard offers sample protocols as guidelines for the development of written policies and procedures.

The facility's written policy and procedures require the review and approval of the Field Office Director.

The facility administrator shall ensure that, within 90 days of the adoption of this detention standard, written policy and procedures are in place and that the facility is in full compliance with its requirements and guidelines. The facility must meet all other requirements in this standard on the date the standard is adopted.

Each facility shall also post its protocols on its website, if it has one, or otherwise make the protocol

available to the public.

## **B. Acts of Sexual Abuse and/or Assault**

For the purposes of this standard, the following definitions apply:

### **1. Detainee-on-detainee Sexual Abuse and/or Assault**

Sexual abuse of a detainee by another detainee includes any of the following acts by one or more detainees who, by force, coercion, or intimidation, or if the victim did not consent or was unable to consent or refuse, engages in or attempts to engage in:

- a. contact between the penis and the vagina or anus and, for purposes of this subparagraph, contact involving the penis upon penetration, however slight;
- b. contact between the mouth and the penis, vagina or anus;
- c. penetration, however slight, of the anal or genital opening of another person by a hand or finger or by any object;
- d. touching of the genitalia, anus, groin, breast, inner thighs or buttocks, either directly or through the clothing, with an intent to abuse, humiliate, harass, degrade or arouse or gratify the sexual desire of any person; or
- e. threats, intimidation, or other actions or communications by one or more detainees aimed at coercing or pressuring another detainee to engage in a sexual act.

### **2. Staff-on-detainee Sexual Abuse and/or Assault**

Sexual abuse of a detainee by a staff member, contractor, or volunteer includes any of the following acts, if engaged in by one or more staff members, volunteers, or contract personnel who, with or without the consent of the detainee, engages in or attempts to engage in:

- a. contact between the penis and the vagina or anus and, for purposes of this subparagraph, contact involving the penis upon penetration, however slight;
- b. contact between the mouth and the penis, vagina or anus;
- c. penetration, however slight, of the anal or genital opening of another person by a hand or finger or by any object that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;
- d. intentional touching of the genitalia, anus, groin, breast, inner thighs or buttocks, either directly or through the clothing, that is unrelated to official duties or where the staff member, contractor, or volunteer has the intent to abuse, arouse, or gratify sexual desire;
- e. threats, intimidation, harassment, indecent, profane or abusive language, or other actions or communications aimed at coercing or pressuring a detainee to engage in a sexual act;
- f. repeated verbal statements or comments of a sexual nature to a detainee;
- g. any display of his or her uncovered genitalia, buttocks, or breast in the presence of an inmate, detainee, or resident, or;
- h. voyeurism, which is defined as the inappropriate visual surveillance of a detainee for reasons unrelated to official duties. Where not conducted for reasons relating to official duties, the following are examples of voyeurism: staring at a detainee who is using a toilet in his or her cell to perform bodily functions; requiring an inmate detainee to expose his or her buttocks, genitals, or breasts; or taking images of all or part of a detainee's naked body or of a detainee performing bodily functions.

### C. Compliance Manager

The facility administrator shall designate a Prevention of Sexual Assault Compliance Manager (PSA Compliance Manager) who shall serve as the facility point of contact for the ICE PSA Coordinator and who has sufficient time and authority to oversee facility efforts to comply with facility sexual abuse prevention and intervention policies and procedures. The Compliance Manager shall:

1. assist with the development of written policies and procedures for the Sexual Abuse and Assault Prevention and Intervention Program, as specified above in this standard, and with keeping them current;
2. assist with the development of initial and ongoing training protocols;
3. serve as a liaison with other agencies;
4. coordinate the gathering of statistics and reports on incidents of sexual abuse or assault, as detailed in "O. Data Collection" in this standard;
5. review the results of every investigation of sexual abuse and assist in conducting an annual review of all investigations in compliance with the Privacy Act to assess and improve prevention and response efforts; and
6. review facility practices to ensure required levels of confidentiality are maintained.

### D. Sexual Conduct between Detainees Prohibited

In addition to the forms of sexual abuse and/or assault defined above, all other sexual conduct – including consensual sexual conduct – between detainees is prohibited and subject to disciplinary sanctions. However, staff should be sensitive to the possibility that seemingly consensual behavior may have involved coercion by either person involved.

Consensual sexual conduct between detainees and staff, volunteers, or contract personnel is included within the definition of staff-on-detainee sexual abuse and/or assault above.

## E. Staff Training

Training on the facility's Sexual Abuse or Assault Prevention and Intervention Program shall be included in training for all employees, and shall also be included in annual refresher training thereafter.

Employee training shall ensure facility staff are able to fulfill their responsibilities under this standard, and shall include:

1. The facility's zero-tolerance policies for all forms of sexual abuse;
2. definitions and examples of prohibited and illegal sexual behavior;
3. the right of detainees and staff to be free from sexual abuse, and from retaliation for reporting sexual abuse;
4. instruction that sexual abuse and/or assault is never an acceptable consequence of detention;
5. recognition of situations where sexual abuse and/or assault may occur;
6. how to avoid inappropriate relationships with detainees;
7. working with vulnerable populations and addressing their potential vulnerability in the general population;
8. recognition of the physical, behavioral and emotional signs of sexual abuse and/or assault and ways to prevent and respond to such occurrences;
9. the requirement to limit reporting of sexual abuse and assault to personnel with a need-to-know in order to make decisions concerning the detainee-victim's welfare, and for law enforcement/investigative purposes;
10. the investigation process and how to ensure that evidence is not destroyed;
11. prevention, recognition and appropriate response to allegations or suspicions of sexual assault involving detainees with mental or

physical disabilities;

12. how to communicate effectively and professionally with detainees, including lesbian, gay, bisexual, transgender, intersex, or gender nonconforming detainees;
13. instruction on reporting knowledge or suspicion of sexual abuse and/or assault; and
14. instruction on documentation and referral procedures of all allegations or suspicion of sexual abuse and/or assault.

The facility shall ensure that all volunteers and other contractors who have contact with detainees have been trained on their responsibilities under the facility's sexual abuse prevention, detection, intervention and response policies and procedures. The level and type of training for volunteers and contractors will be based on the services they provide and their level of contact with detainees; however, all volunteers and contractors who have any contact with detainees must be notified of the facility's zero-tolerance policy and informed how to report such incidents. In this paragraph "other contractor" means a person who provides services on a non-recurring basis to the facility pursuant to a contractual agreement with the agency or facility.

The facility must maintain written documentation verifying employee, volunteer and contractor training. In addition to the general training provided to all facility employees, the facility shall provide specialized training on sexual abuse and effective cross-agency coordination to facility investigators who conduct investigations into allegations of sexual abuse at immigration detention facilities. This training must cover, at a minimum, interviewing sexual abuse and assault victims, sexual abuse and assault evidence collection in confinement settings, the criteria and evidence required for administrative action or prosecutorial referral, and information about effective cross-agency coordination in the investigation process. The facility must maintain written documentation

verifying specialized training provided to investigators pursuant to this paragraph.

Facility medical staff shall be trained in procedures for examining and treating victims of sexual abuse, in facilities where medical staff may be assigned these activities. This training shall be subject to the review and approval of the Field Office Director or other designated ICE official.

## **F. Detainee Notification, Orientation and Instruction**

The facility administrator shall ensure that the orientation program, required by standard “2.1 Admission and Release,” and the detainee handbook required by standard “6.1 Detainee Handbook,” notify and inform detainees about the agency’s and the facility’s zero tolerance policies for all forms of sexual abuse and assault.

Following the intake process, the facility shall provide instruction to detainees on the facility’s Sexual Abuse and Assault Prevention and Intervention Program and ensure that such instruction includes (at a minimum):

1. the facility’s zero-tolerance policy for all forms of sexual abuse or assault;
2. prevention and intervention strategies;
3. definitions and examples of detainee-on-detainee sexual abuse, staff-on-detainee sexual abuse and coercive sexual activity;
4. explanation of methods for reporting sexual abuse or assault, including one or more staff members other than an immediate point-of-contact line officer, the Detention and Reporting Information Line (DRIL), the DHS/OIG and the ICE/OPR investigation processes;
5. information about self-protection and indicators of sexual abuse;
6. prohibition against retaliation, including an explanation that reporting an assault shall not

negatively impact the detainee’s immigration proceedings; and

7. right of a detainee who has been subjected to sexual abuse to receive treatment and counseling.

Detainee notification, orientation and instruction must be in a language or manner that the detainee understands, including for those who are limited English proficient, deaf, visually impaired or otherwise disabled, as well as to detainees who have limited reading skills. The facility shall maintain documentation of detainee participation in the instruction session.

The facility shall develop policies and procedures to ensure that detainees have multiple ways to privately report sexual abuse, retaliation for reporting sexual abuse, or staff neglect or violations of responsibilities that may have contributed to such incidents:

1. Each facility’s sexual abuse or assault prevention and intervention program shall provide detainees who are victims of sexual abuse or assault the option to report the incident or situation to a designated staff member other than an immediate point-of-contact line officer (e.g., the program coordinator or a mental health specialist). The facility shall provide detainees with the name of the program coordinator or designated staff member and information on how to contact him or her. Detainees will also be informed that they can report any incident or situation regarding sexual abuse, assault or intimidation to any staff member (as outlined above), the DHS Office of Inspector General, and the Joint Intake Center.
2. The facility shall provide instructions on how detainees may contact their consular official, the DHS Office of Inspector General, or as appropriate, another designated office, to confidentially and, if desired, anonymously report these incidents.
3. The facility shall inform the detainees of at least one way for detainees to report sexual abuse to a public or private entity or office that is not part of

the agency, and that is able to receive and immediately forward detainee reports of sexual abuse to agency officials, allowing the detainee to remain anonymous upon request. As cited earlier under “III. Standards Affected,” ICE/ERO has provided a sexual assault awareness notice to be posted on all housing-unit bulletin boards, as well as a “Sexual Assault Awareness Information” pamphlet to be distributed (see “Appendix 2.11.B: Sexual Abuse and Assault Awareness Brochure” in this standard). The facility shall post with this notice the name of the PSA Compliance Manager and information about local organizations that can assist detainees who have been victims of sexual assault, including mailing addresses and telephone numbers (including toll-free hotline numbers where available). If no such local organizations exist, the facility shall make available the same information about national organizations. This information will be provided in English and Spanish, and to other segments of the detainee population with limited English proficiency, through translations or oral interpretation.

## **G. Accommodating Detainees with Disabilities or Limited English Proficiency**

Each facility shall take appropriate steps to ensure that detainees with disabilities (including, for example, detainees who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities) have an equal opportunity to participate in or benefit from all aspects of the facility’s efforts to prevent, detect, and respond to sexual abuse. Such steps shall include, when necessary to ensure effective communication with detainees who are deaf or hard of hearing, or detainees who have intellectual, psychiatric, or speech disabilities, limited reading skills, or who are blind or have low vision,

a) providing access to in-person, telephonic, or

video interpretive services that enable effective, accurate, and impartial interpretation, both receptively and expressively, using any necessary specialized vocabulary.

b) providing access to written materials related to sexual abuse in formats or through methods that ensure effective communication.

Each facility shall take steps to ensure meaningful access to all aspects of the facility’s efforts to prevent, detect, and respond to sexual abuse to detainees who are limited English proficient, including steps to provide in-person or telephonic interpretive services that enable effective, accurate, and impartial interpretation, both receptively and expressively, using any necessary specialized vocabulary.

In matters relating to allegations of sexual abuse, each facility shall employ effective expressive and receptive verbal communication techniques while communicating with detainees with disabilities in accordance with professionally accepted standards of care. Each facility shall provide detainees with disabilities and detainees with Limited English Proficiency with in-person or telephonic interpretation services that enable effective, accurate, and impartial interpretation, both receptively and expressively, using any necessary specialized vocabulary. Interpretation services shall be provided by someone other than another detainee, unless the detainee expresses a preference for another detainee to provide interpretation and the agency determines that such interpretation is appropriate and consistent with DHS policy. The provision of interpreter services by minors, alleged abusers, detainees who witnessed the alleged abuse, and detainees who have a significant relationship with the alleged abuser is not appropriate in matters relating to allegations of sexual abuse.

Where practicable, provisions for written translation of materials related to sexual abuse or assault shall be made for other significant segments of the population with limited English proficiency. Oral

interpretation or assistance shall be provided to any detainee who speaks another language in which written material has not been translated or who is illiterate.

## H. Victim Advocate Services

Each facility shall utilize available community resources and services to provide valuable expertise and support in the areas of crisis intervention, counseling, investigation and the prosecution of sexual abuse perpetrators to most appropriately address victims' needs. Each facility administrator shall establish procedures to make available, to the full extent possible, outside victim services following incidents of sexual abuse. The facility shall also attempt to make available such victim services for any individuals identified as having experienced sexual victimization prior to entering DHS custody.

The facility administrator shall maintain or attempt to enter into memoranda of understanding (MOU) or other agreements with community service providers or, if local providers are not available, with national organizations that provide legal advocacy and confidential emotional support services for immigrant victims of crime. The facility shall enable reasonable communication between detainees and these organizations and agencies, in as confidential a manner as possible. The facility shall also inform detainees, prior to giving them access to outside resources, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws.

## I. Prevention

All staff and detainees are responsible for being alert to signs of potential situations in which sexual assaults might occur, and for making reports and intervention referrals as appropriate. If a facility staff member has a reasonable belief that a detainee is subject to a substantial risk of imminent sexual

abuse, he or she shall take immediate action to protect the detainee.

### 1. Classification and Screening

In accordance with standards "2.1 Admission and Release" and "2.2 Custody Classification System", the facility shall assess all detainees on intake to identify those likely to be sexual aggressors or sexual abuse victims and shall house detainees to prevent sexual abuse, taking necessary steps to mitigate any such danger. The facility shall also use the information to inform assignment of detainees to recreation and other activities, and voluntary work.

Each new arrival shall be kept separate from the general population until he/she is classified and may be housed accordingly.

The facility shall consider, to the extent that the information is available, the following criteria to assess detainees for risk of sexual victimization:

- (a) Whether the detainee has a mental, physical, or developmental disability;
- (b) The age of the detainee;
- (c) The physical build and appearance of the detainee;
- (d) Whether the detainee has previously been incarcerated or detained;
- (e) The nature of the detainee's criminal history;
- (f) Whether the detainee has any convictions for sex offenses against an adult or child;
- (g) Whether the detainee has self-identified as gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;
- (h) Whether the detainee has self-identified as having previously experienced sexual victimization; and
- (i) The detainee's own concerns about his or her physical safety. The initial screening shall consider prior acts of sexual abuse, prior convictions for violent offenses, and history of prior institutional

violence or sexual abuse, as known to the facility, in assessing detainees for risk of being sexually abusive.

Detainees shall not be disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked pursuant to items (a), (g), (h), or (i) above. The facility shall implement appropriate controls on the dissemination within the facility of responses to questions asked pursuant to this screening in order to ensure that sensitive information is not exploited to the detainee's detriment by staff or other detainees or inmates. Detainees who are considered at risk shall be placed in the least restrictive housing that is available and appropriate. Such detainees should be assigned to administrative segregation for protective custody only until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days.

## 2. Transportation

Detainees identified as being "at risk" for sexual victimization shall be transported in accordance with that special safety concern. The section on "Count, Identification and Seating," found in standard "1.3 Transportation (by Land)," requires that transportation staff seat each detainee in accordance with written procedures from the facility administrator, with particular attention to detainees who may need to be afforded closer observation for their own safety.

## 3. Upgrades to Facilities and Technologies

When designing or acquiring any new facility and in planning any substantial expansion or modification of existing facilities, the facility shall consider the effect of the design, acquisition, expansion, or modification upon its ability to protect detainees from sexual abuse.

When installing or updating a video monitoring system, electronic surveillance system, or other monitoring technology in a facility, the facility shall

consider how such technology may enhance its ability to protect detainees from sexual abuse.

## J. Prompt and Effective Intervention

Staff sensitivity toward detainees who are victims of sexual abuse and/or assault is critical.

Staff shall take seriously all statements from detainees claiming to be victims of sexual assaults, and shall respond supportively and non-judgmentally. Any detainee who alleges that he/she has been sexually assaulted shall be offered immediate protection and separation from the assailant and shall be referred for a medical examination and/or clinical assessment for potential negative symptoms. Staff members who become aware of an alleged assault shall immediately follow the reporting requirements set forth in the written policies and procedures.

If a victim is transferred between detention facilities, the sending facility shall, as permitted by law, inform the receiving facility of the incident and the victim's potential need for medical or social services (unless, in the case of transfer to a non-ICE facility, the victim requests otherwise). If the receiving facility is unknown to the sending facility, the sending facility shall notify the Field Office Director, so that he or she can notify the receiving facility.

Facilities should use a coordinated, multidisciplinary team approach to responding to sexual abuse, such as a sexual assault response team (SART), which in accordance with community practices, includes a medical practitioner, a mental health practitioner, a security staff member and an investigator from the assigned investigative entity, as well as representatives from outside entities that provide relevant services and expertise. The facility shall attempt to make available to the victim a victim advocate from a rape crisis center. If a rape crisis center is not available to provide victim advocate services, ICE will provide these services by making available a qualified staff member from a community-based organization, or a qualified agency staff member. A qualified agency

staff member or a qualified community-based staff member means an individual who has received education concerning sexual assault and forensic examination issues in general. The outside or internal victim advocate shall provide emotional support, crisis intervention, information, and referrals.

Care shall be taken to place the detainee in a supportive environment that represents the least restrictive housing option possible (e.g. in a different housing unit, transfer to another facility, medical housing, or protective custody), and that takes into account any ongoing medical and mental health needs of the alleged victim.

Victims shall not be held for longer than five days in any type of administrative segregation, except in highly unusual circumstances or at the request of the detainee. A detainee victim who is in protective custody after having been subjected to sexual abuse shall not be returned to the general population until completion of a proper re-assessment, taking into consideration any increased vulnerability of the detainee as a result of the sexual abuse.

Where an alleged victim of sexual abuse or assault that occurred elsewhere in ICE custody is subsequently transferred to the facility, the facility shall comply with all applicable response and intervention requirements in this standard, as appropriate based on the nature and status of the case.

## **K. Protection Against Retaliation**

Staff, contractors, volunteers, and detainees shall not retaliate against any person, including a detainee, who reports, complains about, or participates in an investigation into an allegation of sexual abuse, or for participating in sexual abuse as a result of force, coercion, threats, or fear of force.

The facility shall employ multiple protection measures, such as housing changes, removal of alleged staff or detainee abusers from contact with

victims, and emotional support services for detainees or staff who fear retaliation for reporting sexual abuse or for cooperating with investigations.

For at least 90 days following a report of sexual abuse, the facility shall monitor to see if there are facts that may suggest possible retaliation by detainees or staff, and shall act promptly to remedy any such retaliation. Items the facility should monitor include any detainee disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. The facility shall continue such monitoring beyond 90 days if the initial monitoring indicates a continuing need.

## **L. Reporting, Notifications and Confidentiality**

Each facility shall require all staff to report immediately any knowledge, suspicion, or information regarding an incident of sexual abuse that occurred in a facility; retaliation against detainees or staff who reported such an incident; and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation.

Staff members who become aware of alleged sexual abuse shall immediately follow the reporting requirements set forth in the facility's written policies and procedures.

Apart from such reporting, staff shall not reveal any information related to a sexual abuse report to anyone other than to the extent necessary to help protect the safety of the victim or prevent further victimization of other detainees or staff in the facility, make medical treatment, investigation, law enforcement, or other security and management decisions.

If the alleged victim is under the age of 18 or considered a vulnerable adult under a State or local vulnerable persons statute, the facility shall report that information to the Field Office Director so that the agency can report the allegation to the designated

State or local services agency under applicable mandatory reporting laws.

Staff shall accept reports made verbally, in writing, anonymously, and from third parties, and promptly document any verbal reports.

Each facility shall establish a method to receive third-party reports of sexual abuse in its facility and shall make available to the public information on how to report sexual abuse on behalf of a detainee.

### **1. Alleged Detainee Perpetrator**

When a detainee(s) is alleged to be the perpetrator, it is the facility administrator's responsibility to ensure that the incident is promptly referred to the appropriate law enforcement agency having jurisdiction for investigation (if the incident is potentially criminal) and reported to the Field Office Director, who shall report it to the OPR Joint Intake Center.

### **2. Alleged Staff Perpetrator**

When an employee, contractor or volunteer is alleged to be the perpetrator of detainee sexual abuse and/or assault, it is the facility administrator's responsibility to ensure that the incident is promptly referred to the appropriate law enforcement agency having jurisdiction for investigation (if the incident is potentially criminal) and reported to the Field Office Director, who shall report it to the OPR Joint Intake Center. The local government entity or contractor that owns or operates the facility shall also be notified.

Staff, contractors, and volunteers suspected of perpetrating sexual abuse or assault shall be removed from all duties requiring detainee contact pending the outcome of an investigation.

Upon receiving an allegation that a detainee was sexually abused while confined at another facility, the facility whose staff received the allegation shall notify the Field Office Director and the appropriate

administrator of the facility where the alleged abuse occurred. The notification provided in this section shall be provided as soon as possible, but no later than 72 hours after receiving the allegation. The facility shall document that it has provided such notification. The facility where the alleged abuse occurred shall then ensure the allegation is referred for investigation and reported to the appropriate Field Office Director in accordance with this standard.

## **M. Investigation, Discipline and Incident Reviews**

If a detainee alleges sexual assault, a sensitive and coordinated response is necessary. The facility shall coordinate with ICE and other appropriate investigative agencies to ensure that an administrative or criminal investigation is completed for all allegations of sexual abuse.

All investigations into alleged sexual assault must be prompt, thorough, objective, fair and conducted by specially trained, qualified investigators.

Where an alleged victim of sexual abuse or assault that occurred elsewhere is subsequently transferred to the detention facility, the facility shall cooperate with any administrative or criminal investigative efforts arising from the incident.

### **1. Preservation of Evidence**

The first security staff member to respond to a report of sexual abuse, or his or her supervisor, shall preserve and protect, to the greatest extent possible, any crime scene until appropriate steps can be taken to collect any evidence. If the abuse occurred within a time period that still allows for the collection of physical evidence, the responder shall request the alleged victim not to take any actions, and shall ensure that the alleged abuser does not take any actions, that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating. If the first staff responder is not

a security staff member, the responder shall be required to request that the alleged victim not take any actions that could destroy physical evidence and then notify security staff.

## 2. Forensic Examinations

Where evidentiarily or medically appropriate, at no cost to the detainee, and only with the detainee's consent, the facility administrator shall arrange for an alleged victim to undergo a forensic medical examination by qualified health care personnel, including a Sexual Assault Forensic Examiner (SAFE) or Sexual Assault Nurse Examiner (SANE) where practicable. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified health care personnel.

As requested by a victim, the presence of his or her outside or internal victim advocate, including any available victim advocacy services offered by a hospital conducting a forensic exam, shall be allowed for support during a forensic exam and investigatory interviews.

The results of the physical examination and all collected physical evidence are to be provided to the investigative entity. Part of the investigative process may also include an examination and collection of physical evidence from the suspected assailant(s).

In the event the investigation is being conducted by a non-federal investigating agency, the facility shall request that the investigating agency follow the applicable requirements of this standard, including subsections 1 and 2 of this section.

## 3. Procedures for Administrative Investigations

Upon conclusion of a criminal investigation where the allegation was substantiated, or in instances where no criminal investigation has been completed, an administrative investigation shall be conducted. Upon conclusion of a criminal investigation where the allegation was unsubstantiated, the facility shall review any available completed criminal investigation reports to determine whether an

administrative investigation is necessary or appropriate. Substantiated allegation means an allegation that was investigated and determined to have occurred. Unsubstantiated allegation means an allegation that was investigated and the investigation produced insufficient evidence to make a final determination as to whether or not the event occurred.

Administrative investigations shall be conducted after consultation with the appropriate investigative office within DHS, and the assigned criminal investigative entity. The ICE Office of Professional Responsibility will typically be the appropriate investigative office within DHS, as well as the DHS OIG in cases where the DHS OIG is conducting an investigation.

The facility shall develop written procedures for administrative investigations, including provisions requiring:

- (a) Preservation of direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data;
- (b) Interviewing alleged victims, suspected perpetrators, and witnesses;
- (c) Reviewing prior complaints and reports of sexual abuse involving the suspected perpetrator;
- (d) Assessment of the credibility of an alleged victim, suspect, or witness, without regard to the individual's status as detainee, staff, or employee, and without requiring any detainee who alleges sexual abuse to submit to a polygraph;
- (e) An effort to determine whether actions or failures to act at the facility contributed to the abuse;
- (f) Documentation of each investigation by written report, which shall include a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and

investigative facts and findings; and

(g) Retention of such reports for as long as the alleged abuser is detained or employed by the agency or facility, plus five years.

Such procedures shall govern the coordination and sequencing of administrative and criminal investigations, in accordance with the first paragraph of this section, to ensure that the criminal investigation is not compromised by an internal administrative investigation.

The departure of the alleged abuser or victim from the employment or control of the facility shall not provide a basis for terminating an investigation.

When outside agencies investigate sexual abuse, the facility shall cooperate with outside investigators and shall endeavor to remain informed about the progress of the investigation.

Following an investigation conducted by the facility into a detainee's allegation of sexual abuse, the facility shall notify the Field Office Director of the results of the investigation and any responsive actions taken so that the information can be reported to ICE headquarters and to the detainee.

#### **4. Discipline**

##### **(a) Disciplinary sanctions for staff**

Staff shall be subject to disciplinary or adverse action up to and including removal from their position for substantiated allegations of sexual abuse or for violating agency or facility sexual abuse rules, policies or standards. Removal from their position is the presumptive disciplinary sanction for staff who have engaged in or attempted or threatened to engage in those acts of sexual abuse defined in paragraphs (a)-(d) and (g)-(h) of "Staff on Detainee Sexual Abuse and/or Assault" in "B. Acts of Sexual Abuse and/or Assault" in this standard.

The facility shall report all incidents of substantiated sexual abuse by staff, and all removals of staff, or resignations in lieu of removal for violations of

agency or facility sexual abuse policies, to appropriate law enforcement agencies unless the activity was clearly not criminal.

The facility shall also report all such incidents of substantiated abuse, removals or resignations in lieu of removal to the Field Office Director, regardless of whether the activity was criminal, and shall make reasonable efforts to report such information to any relevant licensing bodies, to the extent known.

##### **(b) Corrective action for contractors and volunteers**

Any contractor or volunteer who has engaged in sexual abuse shall be prohibited from contact with detainees. The facility shall take appropriate remedial measures, and shall consider whether to prohibit further contact with detainees by contractors or volunteers who have not engaged in sexual abuse, but have violated other provisions within these standards.

Incidents of substantiated sexual abuse by a contractor or volunteer shall be reported to law enforcement agencies, unless the activity was clearly not criminal. The facility shall also report such incidents to the Field Office Director regardless of whether the activity was criminal, and shall make reasonable efforts to report such incidents to any relevant licensing bodies, to the extent known.

##### **(c) Disciplinary sanctions for detainees**

Detainees shall be subjected to disciplinary sanctions pursuant to a formal disciplinary process following an administrative or criminal finding that the detainee engaged in sexual abuse, consistent with the requirements of Standard 3.1 "Disciplinary System." The facility shall not discipline a detainee for sexual contact with staff unless there is a finding that the staff member did not consent to such contact. For the purpose of disciplinary action, a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred shall not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

## 5. Sexual Abuse Incident Reviews

Each facility shall conduct a sexual abuse incident review at the conclusion of every investigation of sexual abuse and, where the allegation was not determined to be unfounded, prepare a written report within 30 days of the conclusion of the investigation recommending whether the allegation or investigation indicates that a change in policy or practice could better prevent, detect, or respond to sexual abuse. Unfounded allegation means an allegation that was investigated and determined not to have occurred. The facility shall implement the recommendations for improvement, or shall document its reasons for not doing so in a written response. Both the report and response shall be forwarded to the Field Office Director or his or her designee, for transmission to the ICE PSA Coordinator. The facility shall also provide any further information regarding such incident reviews as requested by the ICE PSA Coordinator.

The review team shall consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.

Each facility shall conduct an annual review of all sexual abuse investigations and resulting incident reviews to assess and improve sexual abuse intervention, prevention and response efforts. If the facility has not had any reports of sexual abuse during the annual reporting period, then the facility shall prepare a negative report. The results and findings of the annual review shall be provided to the facility administrator, Field Office Director or his or her designee, for transmission to the ICE PSA Coordinator.

## N. Medical and Mental Health Care

Detainee victims of sexual abuse shall be provided emergency medical and mental health services and ongoing care. All treatment services, both emergency and ongoing, shall be provided to the

victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident.

### 1. Access to emergency medical and mental health services

- (a) Detainee victims of sexual abuse and assault shall have timely, unimpeded access to emergency medical treatment and crisis intervention services, including emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care.
- (b) Where evidentiary or medically appropriate, the facility administrator shall arrange for an alleged victim to undergo a forensic medical examination, in accordance with the requirements of “M. Investigation, Discipline and Incident Reviews” of this standard.
- (c) Transportation of an alleged victim for emergency care or other services provided off-site shall be arranged in a manner that takes into account the special needs of victimized detainees.

### 2. Ongoing medical and mental health care for sexual abuse victims and abusers

- (a) Each facility shall offer medical and mental health evaluation and, as appropriate, treatment to all detainees who have been victimized by sexual abuse while in immigration detention.
- (b) The evaluation and treatment of such victims shall include, as appropriate, follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody.
- (c) The facility shall provide such victims with medical and mental health services consistent with the community level of care.

- (d) Detainee victims of sexually abusive vaginal penetration by a male abuser while incarcerated shall be offered pregnancy tests. If pregnancy results from an instance of sexual abuse, the victim shall receive timely and comprehensive information about lawful pregnancy-related medical services and timely access to all lawful pregnancy-related medical services.
- (e) Detainee victims of sexual abuse while detained shall be offered tests for sexually transmitted infections as medically appropriate.
- (f) The facility shall attempt to conduct a mental health evaluation of all known detainee-on-detainee abusers within 60 days of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners.

## O. Data Collection

Each facility shall maintain in a secure area all case records associated with claims of sexual abuse, including incident reports, investigative reports, offender information, case disposition, medical and counseling evaluation findings, and recommendations for post-release treatment, if necessary, and/or counseling shall be maintained in appropriate files in accordance with these detention standards and applicable policies, and retained in accordance with established schedules.

Particularly applicable to the storage, confidentiality and release of case records are the requirements of the “Confidentiality and Release of Medical Records” section of standard “4.3 Medical Care” and the requirements of standard “7.1 Detention Files,” especially in regard to the Privacy Act of 1974. Because of the very sensitive nature of information about victims and their medical condition, including infectious disease testing, staff must be particularly vigilant about maintaining confidentiality and releasing information only for legitimate need-to-

know reasons.

Monitoring and evaluation are essential for assessing both the rate of occurrence of sexual assault and agency effectiveness in reducing sexually abusive behavior. Accordingly, the facility administrator must maintain two types of files of sexual abuse and assault incidents which include the following minimum information:

1. General files include:
  - a. the victim(s) and assailant(s) of a sexual assault;
  - b. the date, time, location, and nature of the incident;
  - c. the demographic background of the victim and perpetrator (including citizenship, age, gender, and whether either has self-identified as gay, lesbian, bisexual, transgender, intersex, or gender nonconforming);
  - d. detailed reporting timeline, including the names of the individuals who reported the incident and received the report of sexual assault, date and time the report was received, and steps taken to communicate the report up the chain of command;
  - e. any injuries sustained by the victim;
  - f. all formal and/or informal action taken, including all post-report follow up response taken by the facility (e.g. housing placement/custody classification, medical examination, mental health counseling, etc.);
  - g. all reports;
  - h. medical forms or other relevant medical information;
  - i. supporting memos and videotapes, if any;
  - j. any sanctions imposed on the perpetrator; and
  - k. any other evidentiary materials pertaining to the allegation.

The facility administrator shall maintain these files chronologically in a secure location.

In addition, the facility administrator shall maintain a listing of the names of sexual assault victims and assailants, along with the dates and locations of all sexual assault incidents occurring within the facility, on his/her computerized incident reporting system. Such information shall be maintained on a need-to-know basis in accordance with the standards “4.3 Medical Care” and “7.1 Detention Files,” which includes protection of electronic files from unauthorized access. At no time may law enforcement sensitive documents or evidence be stored at the facility. Access to this designation shall be limited to those staff involved in the treatment of the victim or the investigation of the incident. The authorized designation shall allow appropriate staff to track the detainee victim or assailant of sexual assault across the system.

On an ongoing basis, the facility PSA Compliance Manager and facility administrator must work with the Field Office and ICE PSA Coordinator to share data regarding sexual abuse incidents and response.

## **P. Facility Audits**

Facilities shall cooperate with all DHS audits of the facility’s compliance with this standard, including by making available relevant documents, records, and other information as requested (including available videotapes and other electronically available data). Upon request, facilities shall also provide to DHS the results of any audits conducted of the facility against the DOJ “National Standards to Prevent, Detect, and Respond to Prison Rape.”

Facilities shall permit auditors access to all areas of the facility, and shall make available space suitable for interviews of detainees and staff. Detainees shall be permitted to have private interviews with auditors, and to send confidential information or correspondence to the auditor.

# Appendix 2.11.A: Sample Sexual Abuse and Assault Prevention and Intervention Program Policy<sup>1</sup>

## I. Zero Tolerance Policy

[FACILITY] maintains a zero-tolerance policy for all forms of sexual abuse or assault. It is the policy of [FACILITY] to provide a safe and secure environment for all detainees, employees, contractors, and volunteers, free from the threat of sexual abuse or assault, by maintaining a Sexual Abuse and Assault Prevention and Intervention (SAAPI) Program that ensures effective procedures for preventing, reporting, responding to, investigating, and tracking incidents or allegations of sexual abuse or assault.

Sexual abuse or assault of detainees by other detainees or by employees, contractors, or volunteers is prohibited and subject to administrative, disciplinary, and criminal sanctions.

The PSA Compliance Manager must have sufficient time and authority to oversee facility efforts to comply with facility sexual abuse and assault prevention and intervention policies and procedures. The Compliance Manager shall:

1. Assist with the development of written policies and procedures for the SAAPI Program, and with keeping them current;
2. Assist with the development of initial and ongoing training protocols;
3. Serve as a liaison with other agencies;
4. Coordinate the gathering of statistics and reports on allegations of sexual abuse or assault;

6. Review facility practices to ensure required levels of confidentiality are maintained.

[INSERT ANY ADDITIONAL DUTIES OF THE COMPLIANCE MANAGER AT THIS FACILITY RELATED TO SEXUAL ABUSE PREVENTION OR INTERVENTION]

### IV. Prevention

All staff (employees, volunteers, and contractors) are responsible for being alert to signs of potential sexual abuse or assault, and to situations in which sexual abuses or assaults might occur. If a facility staff member has a reasonable belief that a detainee is subject to a substantial risk of imminent sexual

abuse, he or she shall take immediate action to protect the detainee.

## **A. Screening and Classification**

### *1. Screening and Classification Requirements*

- a. All detainees shall be screened upon arrival at the facility for potential risk of sexual victimization or sexually abusive behavior, and shall be housed to prevent sexual abuse or assault, taking necessary steps to mitigate any such danger.
- b. Each new detainee shall be kept separate from the general population until he/she has been classified and may be housed accordingly.
- c. The initial classification process and initial housing assignment should be completed within twelve hours of admission to the facility.
- d. The facility shall consider, to the extent that the information is available, the following criteria to assess detainees for risk of sexual victimization:
  - 1) Whether the detainee has a mental, physical, or developmental disability;
  - 2) The age of the detainee;
  - 3) The physical build and appearance of the detainee;
  - 4) Whether the detainee has previously been incarcerated or detained;
  - 5) The nature of the detainee's criminal history;
  - 6) Whether the detainee has any convictions for sex offenses against an adult or child;
  - 7) Whether the detainee has self-identified as gay, lesbian, bisexual, transgender, intersex, or gender nonconforming;

8) Whether the detainee has self-identified as having previously experienced sexual victimization; and

9) The detainee's own concerns about his or her physical safety.

Detainees shall not be disciplined for refusing to answer, or for not disclosing complete information in response to, questions asked pursuant to items (1), (7), (8), or (9) above.

- e. The initial screening shall consider prior acts of sexual abuse or assault, prior convictions for violent offenses, and history of prior institutional violence or sexual abuse or assault, as known to the facility, in assessing detainees for risk of being sexually abusive.
- f. The facility shall implement appropriate protections on responses to questions asked pursuant to this screening, limiting dissemination, and ensuring that sensitive information is not exploited to the detainee's detriment by staff or other detainees or inmates.
- g. If screening indicates that a detainee has experienced prior sexual victimization or perpetrated sexual abuse, staff shall, as appropriate, ensure that the detainee is immediately referred to a qualified medical or mental health practitioner for medical and/or mental health follow-up as appropriate. When a referral for medical follow-up is initiated, the detainee shall receive a health evaluation no later than two working days from the date of assessment. When a referral for mental health follow-up is initiated, the detainee shall receive a mental health evaluation no later than 72 hours after the referral.
- h. Detainees considered at risk for sexual victimization shall be placed in the least restrictive housing that is available and appropriate. If appropriate custodial options

are not available at the facility, the facility will consult with the ICE Field Office Director to determine if ICE can provide additional assistance. Such detainees may be assigned to administrative segregation for protective custody only until an alternative means of separation from likely abusers can be arranged, and such an assignment shall not ordinarily exceed a period of 30 days.

- i. The facility shall reassess each detainee’s risk of victimization or abusiveness between 60 and 90 days from the date of the initial assessment, and at any other time when warranted based upon the receipt of additional, relevant information or following an incident of abuse or victimization.
- j. When making assessment and housing decisions for a transgender or intersex detainee, the facility shall consider the detainee’s gender self-identification and an assessment of the effects of placement on the detainee’s health and safety. The facility shall consult a medical or mental health professional as soon as practicable on this assessment. The facility should not base placement decisions of transgender or intersex detainees solely on the identity documents or physical anatomy of the detainee; a detainee’s self-identification of his/her gender and self-assessment of safety needs shall always be taken into consideration as well. The facility’s placement of a transgender or intersex detainee shall be consistent with the safety and security considerations of the facility, and placement and programming assignments for each transgender or intersex detainee shall be reassessed at least twice each year to review any threats to safety experienced by the detainee.
- k. When operationally feasible, transgender and intersex detainees shall be given the

opportunity to shower separately from other detainees.

## What is Sexual Abuse and Assault

### **Detainee-on-detainee sexual abuse and assault:**

All forms of sexual abuse and assault by a detainee against another detainee(s) are prohibited. If another detainee forces you or tries to force you to engage in a sex act, touches the sexual parts of your body, forces you or tries to force you to touch the sexual parts of their body, or uses threats or intimidations to pressure you to engage in sex, it is sexual abuse.

### **Staff-on-detainee sexual abuse and assault:**

All forms of sexual acts between a detainee and a staff member (including contract guards, medical professionals, and volunteers) are prohibited and against the law, regardless of whether they are consensual. If a staff member tries to or actually does have sex with you, intentionally touches you in a sexual manner, makes sexual advances or repeated sexual comments, displays his or her genitals, or engages in voyeurism, it is sexual abuse.

## If You Are a Victim of Sexual Abuse or Assault

Whatever your reactions or fears, it is important to understand that you are not to blame. Sexual abuse can violate your sense of safety and trust. You may feel shocked, angry, anxious, depressed, or guilty.

You may also experience a variety of physical reactions, from changes in eating and sleeping patterns to nightmares or flashbacks.

These reactions are normal, and help is available. The facility and ICE will help you get support and offer resources specific to your needs.

## What Support Can You Expect from ICE and the Facility

You will be offered immediate protection from the perpetrator and you will be referred for a medical examination, when appropriate. You will also be offered mental health services and outside victim services. Some victims may also be encouraged

to receive a sexual assault forensic medical exam, which can help in criminally prosecuting the perpetrator.

## How Will Reports be Investigated?

When you report a sexual abuse or assault incident the facility and/or an appropriate law enforcement agency will conduct an investigation. You may be asked to participate in an interview to gather information. ICE will inform you of the result of any investigation once it is completed.

There is a difference between reporting the incident and choosing to press charges. You may choose not to immediately press charges, but you can always decide to do so later. If criminal charges are filed, it will be presented for possible prosecution. It is important for you to discuss any concerns you have with the prosecutor (or your attorney) or a victim advocate.

## How Can I Protect Myself from Sexual Abuse or Assault?

Sexual abuse and assault is never the victim's fault. Knowing the warning signs and red flags can help you stay alert and aware:

1. Report concerns.
2. Carry yourself in a confident manner. Many abusers choose victims who look like they would not fight back or who they think are emotionally weak.
3. Do not accept gifts or favors from others. Gifts or favors can come with demands or terms that the giver expects you to accept.
4. Do not accept an offer from another detainee to be your protector.
5. Find a staff member with whom you feel comfortable discussing your fears and concerns.
6. Do not use drugs or alcohol; these can weaken your ability to stay alert and make good judgments.
7. Be clear, direct and firm. Do not be afraid to say "no" or "stop it now."
8. Choose your associates wisely. Look for people who are involved in positive activities like educational programs, work opportunities or counseling groups. Get yourself involved in these activities, if they are available at your facility.
9. If you suspect another detainee is being sexually abused or assaulted, report it using one of the methods listed in this pamphlet.
10. Trust your instincts. Be aware of situations that make you feel uncomfortable. If it does not feel right or safe, leave the situation or seek assistance. If you fear for your safety, report your concerns to staff.

## ¿Qué es el abuso y la agresión sexual?

### Abuso y agresión sexual por parte de un detenido hacia otro detenido:

Todos los tipos de abuso y agresión sexual por parte de un detenido hacia otro detenido son prohibidos. Si un detenido lo fuerza o intenta forzarlo a participar en cualquier acto sexual, le toca las partes sexuales del cuerpo, lo fuerza a tocarle las partes sexuales de su cuerpo o usa amenazas o intimidación para presionarlo a participar en relaciones sexuales, eso es un abuso sexual.

### Abuso o agresión sexual por parte de un empleado hacia un detenido:

Todos los tipos de actos sexuales entre un detenido y un empleado (incluyendo los guardias contratistas, profesionales médicos y voluntarios) son prohibidos y contrarios a la ley, aún si son con consentimiento. Si un empleado intenta o logra tener sexo con usted, intencionalmente lo toca en una manera sexual, le hace proposiciones sexuales o comentarios sexuales repetidos, le muestra su área genital o participa en voyerismo, es un abuso sexual.

## Si usted es una víctima de abuso o agresión sexual

Cualesquiera que sean sus reacciones o temores, es importante que entienda que no es culpable. El abuso sexual puede violar su sentido de seguridad y confianza. Puede ser que usted se sienta ofendido, bravo, ansioso, deprimido o culpable. Puede ser que usted también experimente una variedad de reacciones físicas, desde cambios en sus hábitos de comer y dormir hasta pesadillas y flashbacks. Estas reacciones son normales y hay ayuda disponible. El centro y ICE le ayudarán a conseguir apoyo y ofrecen recursos específicos para sus necesidades.

### ¿Qué apoyo puede esperar de ICE y su centro?

Se le ofrecerá protección inmediata del culpable y usted será referido para un examen médico, cuando sea apropiado. También se le ofrecerán servicios de salud mental y servicios externos para las víctimas. A algunas víctimas también se les recomendará que reciban un examen de medicina forense de abuso sexual, lo cual puede ayudar a procesar criminalmente al culpable.

### ¿Cómo se investigarán los reportes?

Cuando usted reporte un incidente de abuso o agresión sexual, el centro y/o una agencia adecuada del cumplimiento de la ley realizará una investigación. Puede ser que se le pida que participe en una entrevista para coleccionar información. ICE le informará el resultado de cualquier investigación una vez que ésta haya terminado.

Hay una diferencia entre reportar el incidente y elegir poner cargos. Puede ser que usted elija no poner cargos inmediatamente, pero usted siempre podrá decidir hacerlo luego. Si se formulan cargos criminales, se presentarán para un posible enjuiciamiento. Es importante que usted discuta cualquier preocupación que tenga con el fiscal (o su abogado) o un defensor de víctimas.

## ¿Cómo puedo protegerme del abuso o la agresión sexual?

El abuso y la agresión sexual nunca son culpa de la víctima. El conocer las señales de alerta y actitudes sospechosas pueden ayudarle a mantenerse alerta y consciente:

1. Reporte sus preocupaciones.
2. Compórtese con firmeza. Muchos abusadores eligen víctimas que lucen como que no se defenderían o que ellos perciben como débiles.
3. No acepte regalos o favores de otros. Los regalos o los favores pueden venir con demandas o términos con los cuales el donante espera que usted cumpla.
4. No acepte una oferta por parte de otro detenido para ser su protector.
5. Busque un empleado con el cual usted se siente cómodo discutiendo sus temores y preocupaciones.
6. No use drogas o alcohol. Estos puede debilitar sus habilidades para mantenerse alerta y tener buen juicio.
7. Sea claro, directo y firme. No tema decir “no” o “pare ya”.
8. Elija cuidadosamente sus asociados. Busque personas que estén involucradas en actividades positivas como los programas educacionales, oportunidades de empleo o grupos de asesoramiento. Involúcrese en estas actividades, si están disponibles en su centro.
9. Si usted sospecha que otro detenido está siendo abusado o agredido sexualmente, repórtelo usando uno de los métodos listados en este panfleto.
10. Confíe en sus instintos. Esté consciente de situaciones que lo hacen sentirse incómodo. Si no se siente bien o seguro, apártese de la situación o busque asistencia. Si teme por su seguridad, repórtelo sus preocupaciones a un empleado.
