San Diego Contract Detention Facility

FROM:

John P. Torres  
Director

SUBJECT:

Recent Reaccreditation Review of the San Diego  
Contract Detention Facility

Congratulations on the recent review by the American Correctional Association (ACA) of the San Diego Contract Detention Facility (CDF).

During the review, it was noted that the sanitation was Outstanding, the relationship between Immigration and Customs Enforcement (ICE) and Corrections Corporation of America (CCA) was excellent, and overall the ACA reviewers were extremely impressed. The recommended score achieved was 100% on all Mandatory Standards and 97.2% on all Non-Mandatory Standards.

It is apparent that you work closely with ICE and CCA employees to ensure and enforce a healthy and humane living environment for detainees and working conditions for employees.

Congratulations on a job well done. Good luck with continued success as you prepare for your upcoming Commission hearing in January 2008.
