### ARTICLE I. PURPOSE AND SECURITY PROVIDED

The purpose of this Interagency Detention Service Agreement (ICA) is to establish a formal binding relationship between the United States Marshals Service (USMS) and other federal law agencies (the Federal Government) and Butte-Silver Bow County Detention Center, Montana (the Local Government) for the detention of persons charged with or convicted of violations of federal law or held as material witnesses (federal prisoners) at the Butte-Silver Bow Detention Center (the facility).

The Local Government agrees to accept and provide for the secure custody, care and safekeeping of federal prisoners in accordance with federal, state, and local law; standards, policies, procedures, or court orders applicable to the operations of the facility. The USMS considers all federal prisoners medium/maximum security-type prisoners that are housed within the confines of the facility, at a level appropriate for prisoners considered a risk of flight, a danger to the community, or wanted by other jurisdictions.

### ARTICLE II. ASSIGNMENT AND CONTRACTING OF DETENTION SUPPORT SERVICES

1. Neither this agreement nor any interest therein may be assigned or transferred to any other party without prior written approval by the USMS.
2. None of the detention support services shall be contracted out to another organization without prior approval by the USMS. Where the intention to award contracts is made known at the time of application, the approval may be considered granted if these activities are funded as proposed.
3. All contracts or assignments must be formalized in a written contract or other written agreement between the parties involved. The USMS will be provided copies of such contracts upon request.
4. The contract or agreements must, at a minimum, state the activities to be performed, the time schedule, the project policies, and the flow-through requirements that are applicable to the contractor or other recipient, other policies and procedures to be followed, the dollar limitation of the agreement, and the cost principles to be used in determining allowable costs. The contract or other written agreement must not affect the recipient's overall responsibility for the duration of the project and accountability to the government.
5. Contracts or agreements which are executed by the state/local government subsequent to this ICA that result in additional costs to the USMS over and above the per diem rate must be authorized in writing and in advance by the USMS. Any unauthorized contracts or agreements will be the financial responsibility of the state/local government not the USMS.

### ARTICLE III. MEDICAL SERVICES

1. The Local Government agrees to provide federal prisoners with the same level of health care and services inside the facility that are provided to local prisoners.
2. All costs associated with health care services (to include medical supplies and medications) provided inside the facility will be the responsibility of the Local Government. All costs associated with hospital and health care services (to include prescription medication not included in the facility's formulary) provided outside of the facility will be the responsibility of the USMS and billed directly by the provider to the USMS.

**ICAO No. 36-00 DDU**

**Page 7 of 8**

3. The Local Government agrees to notify the United States Marshal (USM) as soon as possible of all emergency health care provided to USMS prisoners to include when removal from the facility is required. The Local Government must obtain prior authorization from the USM for all other health care services required outside the facility. If the Local Government fails to obtain USM prior authorization, the Local Government will be financially responsible for such unauthorized care.

4. All health care services to be provided outside the facility for USMS prisoners will be in accordance with USMS Public Law 106-294 (Prisoner Health Care Standards).

5. When a federal prisoner is being transferred from the facility by the USMS, adequate prescription medication will be provided by the facility to accompany the prisoner. Due to USMS airlift requirements, all prisoners will be provided a 7-day supply of medication.

6. The facility will have in place an adequate infectious disease control program which includes testing all prisoners in the facility for tuberculosis as soon as possible upon intake (not to exceed 14 days). TB testing will be accomplished in accordance with the latest CDC Guidelines and the results for USMS prisoners will be documented on a Form USM 553 as well as in the prisoner medical record. The facility agrees to immediately notify the USM of any cases of suspected or active TB so that any scheduled transports or productions can be delayed until the prisoner's TB status is verified by a physician and appropriate treatment provided.

7. Medical records must travel with the federal prisoner. If medical records are maintained at a medical contractor's facility, it is the detention facility's responsibility to obtain them before a federal prisoner is moved. Upon notice by the USM that a federal prisoner is being transferred from the facility, the facility medical staff must complete and provide a Form 553 to the USM.

8. Federal prisoners may be charged a co-payment for medical services provided by the Local Government, but such charges must be administered by the Local Government in accordance with Public Law 106-294, the Federal Prisoner Health Care Copayment Act of 2000 (Title 18, 4013d). Specifically, all fees charged must be authorized under state law, be the same amount paid by state and local prisoners, for care not specifically excluded by federal law, not applied to indigent prisoners, and levied only after federal prisoners have been given 30 days prior notice by the facility.

**ARTICLE IV - RECEIVING AND DISCHARGE**

1. The Local Government agrees to accept as federal prisoners those persons committed by federal law enforcement officers for violations of federal laws only upon presentation by the officer of proper law enforcement credentials.

2. The Local Government agrees to release federal prisoners only to law enforcement officers of agencies initially committing the prisoner (i.e., DEA, ICE, etc.) or to a Deputy USM. Those prisoners who are remanded to custody by a USM may only be released to a USM or an agent specified by the USM of the Judicial District.

3. The Federal Government agrees to maintain federal prisoner population levels at or below the level established by the facility administrator. For Local Governments that have received Cooperative Agreement Program (CAP) funding, remaining USMS bedspace allocation will be in accordance with CAP terms and conditions.

4. Federal prisoners may not be released from the facility or placed in the custody of state or local officials for any reason except for medical emergencies situations. Federal prisoners caught in a state or local court proceeding must be

acquired through a Writ of Habeas Corpus or the Interstate Agreement of Detainers and then only with the concurrence of the Director USMS.

2. The Local Government agrees to notify the USMS as soon as possible when a federal prisoner is involved in an escape, attempted escape, or conspiracy to escape from the facility.

#### ARTICLE V - PERIOD OF PERFORMANCE

This agreement shall be in effect indefinitely until terminated in writing by either party. Should conditions of an unusual nature occur making it impractical or undesirable to continue to house prisoners, the Local Government may suspend or restrict the use of the facility by giving written notice to the USMS. Such notice will be provided thirty (30) days in advance of the effective date of formal termination and at least two (2) weeks in advance of a suspension or restriction of use unless an emergency situation requires the immediate relocation of prisoners. If covered by a CAP agreement, termination provisions specified therein will apply.

#### ARTICLE VI - PER DIEM RATE AND ECONOMIC PRICE ADJUSTMENT

1. Per diem rates shall be established on the basis of actual and allowable costs associated with the operation of the facility during the most recent accounting period.

2. The Federal Government shall reimburse the Local Government at the per diem rate identified on page one (1) of this agreement. The rate may be renegotiated not more than once per year, after the agreement has been in effect for twelve (12) months. The fixed per diem rate of \$60.00 will be in effect indefinitely.

3. The rate covers one (1) person per "prisoner day." The Federal Government may not be billed for two (2) days when a prisoner is admitted on evening and removed the following morning. The Local Government may bill for the day of arrival, but not for the day of departure.

4. When a rate increase is desired, the Local Government shall submit a written request to the USM at least sixty (60) days prior to the desired effective date of the rate adjustment. All such requests must contain a completed Cost Sheet for Detention Services (USM-143) which can be obtained from the USMS. The Local Government agrees to provide additional cost information to support the requested rate increase and to permit an audit of accounting records upon request of the USMS.

5. Criteria used to evaluate the increase or decrease in the per diem rate shall be those specified in the Office of Management and Budget (OMB) Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments.

6. The effective date of the rate modification will be negotiated and specified in the IGA Modification form approved and signed by a USMS Contract Specialist. The effective date will be established on the first day of the month for accounting purposes. Payments at the modified rate will be paid upon the return of the signed modification by the authorized Local Government official to the USM.

4. Changes in IGA facilities. The USMS shall be notified by the recipient of any significant change in the facility, including significant variations in inmate populations, which causes a significant change in the level of services under this IGA. The notification shall be supported with sufficient evidence to permit the USMS to expeditiously adjust the personnel rates included in the IGA. Depending on the size of the facility for purposes of assessing changes in the population, a 15% increase or decrease in the prison population shall be a "significant increase or decrease" for purposes of this subsection.

#### ARTICLE X - MAINTENANCE AND RETENTION OF RECORDS AND ACCESS TO RECORDS

1. In accordance with 28 CFR, Part 66, all financial records, supporting documents, statistical records, and other records pertinent to contracts or sub-awards awarded under this IGA shall be retained by each organization participating in the program for at least three (3) years for purposes of federal examination and audit.

The Local Government will be solely responsible for all maintenance, storage, and other expenses related to the care and responsibility for all property furnished to the Local Government.

#### ARTICLE XII - MODIFICATIONS/DISPUTES
