

COVID-19 | Donate Blood Plasma and Help Save Lives | Dr. Fauci

My name is Dr. Tony Fauci, here at the National Institutes of Health. If you have recovered from COVID-19, your plasma has antibodies that may help others fight COVID. Please donate plasma now. You can literally save lives. There are thousands of locations across the country where you can donate. Find a site to donate your plasma at [coronavirus.gov](https://www.coronavirus.gov).
