

Public Service Announcement for US Airports

Attention please. CDC is working to keep travelers and communities safe from the threat of the new coronavirus.

CDC always recommends everyday preventive actions to help avoid the spread of respiratory viruses including:

Avoid close contact with people who are sick.

Cover your coughs and sneezes with a tissue, or cough or sneeze into your sleeve.

Wash your hands often with soap and water for at least 20 seconds.

If soap and water are not readily available, use an alcohol-based hand sanitizer with at least 60% alcohol.

Avoid touching your eyes, nose, and mouth with unwashed hands.

For more preventive information, visit [cdc dot gov](https://www.cdc.gov).
